BITS AND PIECES

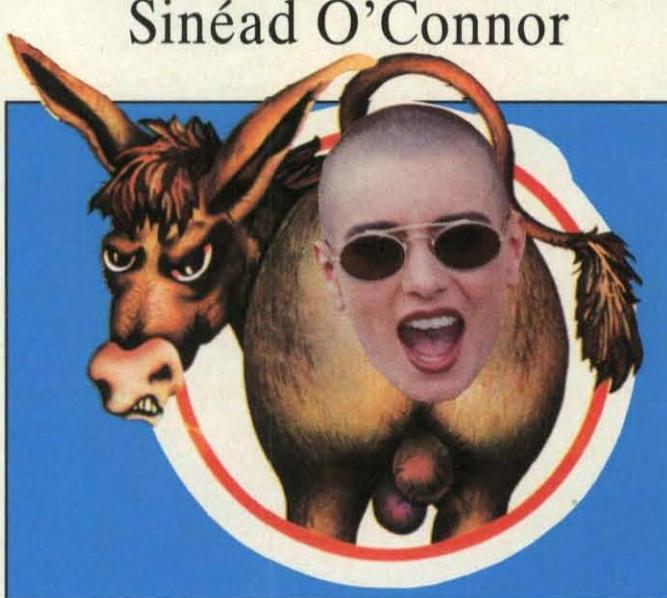

ASSHOLE OF THE MONTH

Opinions are like assholes in that everybody has one. The difference is that nobody has more than one asshole, whereas some people, such as excruciatingly earnest pop singer Sinéad (pronounced *Shine-head*) O'Connor, have so many opinions that they pick up a second asshole—in Sinéad's case, HUSTLER Magazine's Asshole of the Month for June 1991.

Probably the only woman ever described as "dumber than Linda Ronstadt," O'Connor is best known for the gimmick of her shaved head. A talking sight gag, looking like a chemotherapy, bug-eyed, albino Mrs. Potato Head with a pair of gargoyle ears skewered into her skull like baroque door-knockers destined to bang away eternally despite the fact that the lights are off and nobody is home, Sinéad needs all the assholes she can get. If she becomes any more full of shit, the Irish-born, 24-year-old, manufactured celebrity will become indistinguishable in hue from the brown-skinned national vegetable of her native land.

Because her own brains seem to be alternately mashed, scalloped and french-fried, it seems an act of divine intervention that O'Connor had the forethought to title her number-one record album *I Do Not Want What I Haven't Got*, an apt summation of her relationship to mental capacity.

Perhaps if her sphincters were closed a little less tightly than her mind, O'Connor's backlog of crap would not have risen above her eye

level. Filtering everything she sees through her murky, fecal-obscured perspective, O'Connor regurgitates an endless succession of rectal belches with the haughty, besieged air of one who is proclaiming deeply felt beliefs and principles, while establishing herself as little more than an opportunist popping off flatulent sound bites.

Sinéad, in one noxious butt breath, decries the censorship of the hate, violence and misogyny in the exploitative music of rappers 2 Live Crew and N.W.A. In her next burst of bog gas, O'Connor lends her support to the censoring of the hate, violence and misogyny in the exploitative comedy of funny man Andrew Dice Clay.

O'Connor lets off a string of stinkers in regard to racism: Rappers, she vents as though she figured out this self-evident truth all by herself, are censored because they are black. Racism, to Sinéad, is so abhorrent that she has slighted the "Star-Spangled Banner" in protest of it. And yet, in her very next barrage of intestinal napalm, she dismisses Afro-American pop singer Prince, whose song "Nothing Compares 2 U" O'Connor rode to the top of U.S. charts, as being an envious, violence-threatening bully who had squandered his financial security and was lucky to have Sinéad "save his ass." Sinéad's supremacist attitudes—also evident in her continual slagging off of rival pop

singers as bogus talents—allow her to exploit a black man's labors, then turn around and denigrate his worth while perpetuating racial stereotypes of berating defenseless women and mismanaging money. Sinéad's colonial view of the black man has him being saved from his own excesses by the intervention of an enlightened white woman.

Sinéad's mustard-tinged attack upon barriers between the races is matched only by the cyanide traces in her efforts to heighten understanding between the sexes. "Men have no balls," she fumes. "I haven't ever met a male that would be prepared to be as true to himself as a woman would be." And then, from the other cheek, she bubbles: "The only time I've ever thought I should grow my hair is in order to get some man to fall madly in love with me." How true, Sinéad, 2 U.

In keeping with her commitment to flake and waffle, always with an accompanying press release, O'Connor conspicuously withdrew from the 1991 Grammy Awards show, after agreeing to appear and perform. Sinéad deplored "false, materialistic values" in the music industry, which would be better off to follow her example of slipping a \$20 bill to a homeless stiff, with a *Rolling Stone* interviewer as witness.

A voluntary resident of Los Angeles, California, a world capital of false, materialistic values, Sinéad lives high atop a Hollywood hill, away from everything she doesn't want. There, she can enjoy her new Asshole—we even shaved it for her.

FARTS IN THE WIND

Wayne Huizenga: The CEO of Blockbuster Video, America's biggest rental chain, takes a high moral ground with refusals to stock XXX or NC-17 product, though his stores clean up on hate-and-violence pics. Huizenga takes a low moral ground by selling a list of his customers' video tastes, raping privacy and earning a boycott along with a Blockbuster Asshole.

Lenny Kravitz: Kravitz's reworking of John Lennon's "Give Peace a Chance" brought him more publicity than did his "get out and vote" TV commercial, a pitch Lenny made without voting himself. Is Kravitz more sincere with his peace schtick, or is he just another war-profiteering Asshole?

Manuel Lujan Jr.: As Secretary of the Interior, Manuel Lujan is credited with blowing a sweet deal whereby Japanese-owned Matsushita planned to donate its Yosemite National Park tourist operation to the American public. Lujan might be faulted for letting exploitation of America's treasures fall into foreign hands, but he'll always take measures to protect his own Asshole.

BEG OFF

I was disgusted to see such a biased account of life in the Krishna schools in HUSTLER Magazine (*Krishna Kids: Battered in the Name of Godhead*, February '91). I happen to be one of those "cult-raized" Krishna kids, and I know from personal experience that there were rough times, but all areas of society attract some weirdos, and ours was no exception. When a community in West Virginia went off the deep end and refused to reform, it was expelled from the International Society of Krishna Consciousness. Mis-treatment and malnutrition had nothing to do with practice of the religion. Certain twisted people abused the authority they were given. All true Krishnas were horrified when stories of child molestation reached our ears. We would all love to see those jerks get their asses kicked. As far as the movement goes, Krishna Consciousness still attracts a multitude of devoted followers worldwide.

—R. F.

KNEEJERKER

Considering the sorry mental state of the HUSTLER editorial staff, I don't know that P. G. from Croton Falls, New York, can be considered much of a "lamebrain" and an "ignorant fuck" for questioning the relevance of the national anthem ("Jew Bait? Why Bother!" *Feedback*, March '91). The knee-jerk jingoist at HUSTLER told P. G. to look up *American Revolution* in a history book. That jerk-off should pull his own head from his crack and hit a history book himself! The flag Francis Scott Key saw unfurling by dawn's early light carried 15 stars, representing the original 13 states plus Kentucky and Vermont. He wrote the national anthem on September 14, 1814, after a bombardment of Fort McHenry, Baltimore, during the War of 1812. Get the facts straight,

limp-dick. The national anthem wasn't around at the time of the American Revolution. As for the original controversy over whether or not Roseanne Barr is an asshole, of course she is. Who isn't? As for HUSTLER being anti-Semitic, I knew that when I saw you trash Yassir Arafat.

—B. M.

San Francisco, California

We never said the national anthem was written during the American Revolution. We merely implied that it embodied higher principles of national pride than are found in Bryan Ferry's "Slave to Love" or Madonna's "Like a Virgin," both listed by P. G. of Croton Falls as comparable alternatives to "The Star-Spangled Banner." If you're not with us on that, you can fuck off too. It's not anti-Semitism that singles out Arafat. It's ass-holism!

AT LONG LAST LOVE

The reason for this letter is to inform HUSTLER readers that there is a reputable X-rated video company where you can get good X-rated movies at a good price. I found them through the ads in HUSTLER about two years ago. Their name is VCA Pictures. They have hundreds of top-of-the-line movies. All of them are clear, first-run masters and recorded in the SP mode for better clarity. In the past two years, I've bought at least \$500 worth of videos from VCA, and I am very happy with the products I have received. I've been ripped off by other companies, who sent me tapes that resembled third-generation movies recorded in the EP mode. Needless to say, I was disappointed, especially at \$30 a tape. The prices at VCA Pictures are \$10 (in bulk) to \$50 per movie. Only once in two years have I had a mix-up with these people. I called their 800 number, and they solved the problem promptly. As far as I can tell, VCA Pictures is a reputable company. I highly recommend them to anyone interested in ordering X-rated movies.

I did not write this letter for any monetary gain. The only gain will be people receiving X-rated movies that they are totally happy with.

when they give their support for our boys in the Middle East, I naturally feel jealous (*Savannah: Up for Service*, February '91). What about our boys back home? Don't we deserve some of that sweet honeypot too? I'm referring to the Marines who took a stand to refuse to fight a senseless war. Marines that decided to live for our country. Confined by the consequences of unauthorized leave, desertion, treason and no pussy, we too would like some support for our cause. We too would like to receive some hot, steamy, smelly letters from some of you liberal, horny women. We know that there are about 400,000 wives out there whose cunts have been smoking for more than six months. We want you. While your husbands are dying in some foreign land, let us be your men. Tell your daughters to send their letters too, because after the draft, their men will be dead too. Ladies, thanks for your support! —K. H.

CULTURE SHOCK

I am a 41-year-old married man, and I've been devoted to HUSTLER Magazine for 11 years. I've never filed a complaint before, but I believe this time I must really point out the unfair printing of *Pussy Watch* in your January 1991 HUSTLER International issue (*Tom and Terri: Pussy Watch*, January '91). I am enclosing a portion of the layout, in which a fairly large amount of black ink has covered the only real close-up of Terri's genitals. The part where Terri's giving Tom head, you covered completely, leaving us, the readers, guessing what happened to this issue's guy/girl section. I'm not angry, and I don't believe in hostile epithets, but I am deeply sad, because I do like the January '91 issue, except for this terrible mistake in printing. It is very unfair to tease us, leaving us guessing what Tom and Terri really look like. Anyway, I'll stick to HUSTLER till the day I die, when I want my magazine collection incinerated with me and the ashes scattered over the Pacific Ocean. —O. L.

Vancouver, British Columbia

Too bad you aren't angry, O. L. You should be. The inkblots fouling the pages of your January 1991 HUSTLER International issue were put there by your own government, not us. It's nice to be reminded that, while we in the United States fight tooth and nail to preserve our civil rights, at least we've got a Bill of Rights to lead the way. Thanks for writing.

TEN-HUT!

By God and country, some people assume that they can damn well strip Americans

of their legal, Constitutional rights! By God, they're fooling themselves, because Americans do not sacrifice their human dignity for any price! HUSTLER, your magazine screws with my mind and assumes it can rip away the intelligence of others. Yet I believe you only strengthen the determination of myself and other people! I piss on your attempts to take over my mind—the mental life of another person, another American! By God and country, America will survive forever! Love ya!

—J. H.

Little Rock, Arkansas

That's a big ten-four, J. H.! See ya in the funny papers!

GIRL TALK

As per your suggestion, I would love to write horny notes to our men overseas ("Any Ladies in the House?" *Feedback*, March '91). But I don't need to get some wrong address that will mean moral lectures and judgments. I have totally had my fill of it from both sides. I'm either a slut, a whore, a goody-two-shoes or an angel, depending on whom I'm with. But I'm not any one of those things. I'm just a woman who loves men. I love God spiritually, and I know he loves me. I love men

physically, and I know they love me. It would be nice to marry all the guys I'm with. Can I help it if I love all the guys that are good to me and my body? I've loved men for as long as I can remember. I don't charge money for a sex act, nor do I expect any gifts. Guys call me honey 'cause I do the nice things they want, but I can turn on them if I feel threatened or if PMS strikes, and I can kick ass if needed. I've never had trouble getting a guy to lay me. The last thing I need is some Army official returning my mail, as if the letters of a slut aren't good enough for his men.

D. E., we don't think you've got a thing to worry about. Send as many letters as you can turn out. If you get any one of those letters returned, send 'em on to us. It's getting more like a battlefield here at HUSTLER every day.

Do you have a comment, suggestion or complaint? We want to hear it. Send your letters (typed or neatly handwritten) to Feedback, HUSTLER, 9171 Wilshire Boulevard, Suite 300, Beverly Hills, CA 90210. Include a phone number if you want your letter considered for publication.

AGE BEFORE BEAUTY

I'm a 25-year-old editorial assistant from Boston, Massachusetts. I had just broken off the fourth of a series of disastrous relationships with younger men and was looking for a change. As soon as they get me in the sack, every one of my young boyfriends figures that I'll pay their bills. Let me tell you, I haven't found the fucking of any 21-year-old so good that it's worth paying for his car insurance. I barely made enough dough to cover my own ass. I needed a relationship with a man who was willing to carry his share of the load.

I thought of meeting a rich, older man who would appreciate fucking a younger woman once or twice a week and maybe pick up some bills out of gratitude. No way did I ever think I'd hook up with a man old enough to be my grandfather—let alone fall in love with him.

I'd taken a job as a copywriter for a large advertising agency and had just met a few workmates when the personnel director told me, "Just one more man to meet. The old man."

He meant, of course, the president of the company. I was ushered into his office. I'd never seen a man whose intelligence so dominated a situation. He was old, all right, and shriveled, but his eyes were clear as flame. I felt his piercing gaze right through my blouse, right to the amber nipples poking out against my bra. "Welcome aboard, Norma," he told me gently, and I had the distinct impression that the salutation was personal as well as professional.

The personnel director told me the old man was 75 years old. The information made no sense to me. I had never met a guy so vibrant, so appealing. I couldn't get him out of my mind. Every time I thought of him, my pussy got warm and moist. *Norma!* I told myself. *This man is 50 years older than you. Your pussy's drooling like a 16-year-old's!*

Each time I met the old man in the hall or elevator, I got the same feeling I'd had in his office—that he was mentally undress-

ing me. I wondered if imaginary fucks were all he was capable of at his age, or if there was life left inside his dignified black-wool slacks.

One morning, his secretary, Rose, set a note on my desk. The old man wanted to see me in his office at five sharp. I was there on the dot.

"Go on in," said Rose. "He's expecting you."

He sat alone at his desk like a majestic lion beside a fresh kill. He stood up as I entered the room. I thought for sure I saw

the outline of his cock against his pants. "Walk with me. I'd like to show you something," he murmured.

We walked out of the building together and traveled a couple of blocks to a luxury condominium in the area. I felt like a teenager beside his aged frame. The swish of my pantyhose against my thighs brought a flush of heat to my cunt. He stopped at a door, unlocked it and motioned me into the most beautiful apartment I'd ever seen.

"Pardon me," said the old man quietly, "but I happen to know you've been looking for housing. This apartment is available now, and it's yours, if you want it." When I protested that I could never afford such a

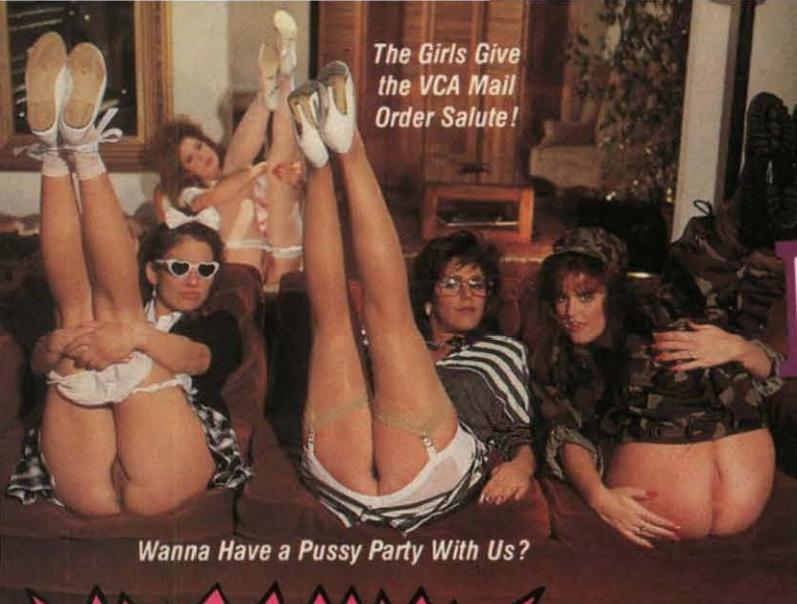

place, he told me the rent would be fixed to my budget. His voice dropped a register, and he confessed that I reminded him of someone special long ago. "I just want to help you, somehow," he said, and I melted on the spot. He didn't expect a goddamn thing from me. I held his hand and pressed it against my heart, then hugged him impulsively. Without thinking, I raised my lips to his. I was surprised by the ardor that slowly replaced his hesitancy. I felt his wrinkled lips part. He slipped his old tongue in my mouth. His breath smelled like mint and medicine. His gnarled hands went to my breasts and gently stroked them. My groin stirred, truly excited. I pushed my itchy crotch against his groin.

"No," he said, pulling away. "I didn't mean to make you...." I put my hand over his mouth. "I want to," I told him. "I want to, now." I stripped off my suit and let it fall to the carpet. He was soon as naked as I. My hand went for his ancient cock, which was swollen and half-hard. I cupped my hands around his loose sac and gently squeezed his hanging balls, then pressed my bare breasts to his bony chest, wrapping my fingers around his dangling tool. "I'd forgotten how good a woman feels," he whispered.

We fell to the floor. He buried his face between my tits and ran his tongue around each nipple before sucking it inside. He kissed his way down my belly until his lips brushed my pubic hairs. He spread my pussy lips with his fingers. "The most beautiful sight in the world," he murmured, "like the petals of a flower." He ran his tongue around my cunt lips before sinking his tongue deep inside, keeping me on the verge of orgasm for what seemed like hours. Finally, I came, gushing like a geyser, and still he kept licking and sucking, driving me on to unbearable pleasure.

When at last I was a sopping, spent wreck, he drew away. His rod was no harder than it had been when I first saw it. It dawned on me that he couldn't get it up. But, from his reaction, there was still plenty of feeling in it. I took the flaccid member

EDITED BY MAL O'REE

THE MASSEUSE

Fully Erect. Directed by Paul Thomas; starring Randy Spears, Hyapatia Lee, Danielle Rogers and Viper. Videocassette: Vivid.

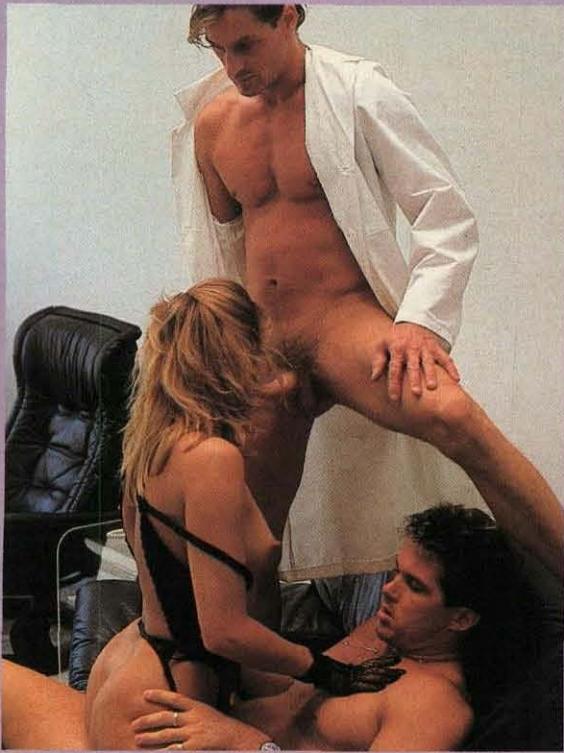

All of director Paul Thomas's failures led him to *The Masseuse*, the story of a timid male virgin's obsession with a voluptuous massage-parlor girl. Having learned from the past, Thomas's usual pretensions don't get in the way of a simple, straightforward plot that strokes brain cells as smoothly as Hyapatia Lee oils up Randy Spears's rod. Only Lee and Spears have sex—leaving Danielle Rogers to fawn over Spears from afar and Viper to display some surprisingly good acting—but the lack of wall-to-wall flesh doesn't dampen the heat generated by two characters desperate to escape their own self-made prisons. In a mind-fuck that's as intriguing as it is unconventional, Lee, still beautiful after all that fucking, proves she's as comfortable with dialogue in her mouth as she is with dick, and Spears, the industry's best actor, shows a range porn studs aren't supposed to have. *The Masseuse* rubs you the right way.

—Mal O'Ree

Spears oils up his obsession.

There's usually a tip involved.

Cameo takes two for the *Nation*.

Escape the doldrums of smut at the last *Resort*.

THE LAST RESORT

Three-Quarters Erect. Directed by Wesley Emerson; starring Randy West, Ashlyn Gere, Joey Silvera, Peter North, Selena Steele, Madison, Marc Wallace, Jamie Gillis, Lauren Hall, Randy Spears, Michelle Monroe, Rayne and Tom Byron. Videocassette: VCA.

Director Wesley Emerson shows good sense from the beginning. The tape opens with a close-up of a blowjob on Randy West, who spews his stew before the opening credits. Then, a comely cast of luscious lasses, who suck like Hoovers, fuck like hellcats and deftly deliver dialogue, infuse humor and fun into a beautifully simple, unobtrusive plot. Pro camerawork and sound, and almost-flawless editing, negate the ill effects of a serious lull between screw #1 and #2. Escape from the doldrums of smut; get reservations at *The Last Resort*. —Woody Hood

ANAL NATION

Half Erect. Directed by William Black; starring Cameo, Cal Jammer, Randy West, Paulina Peters (a/k/a Zara Whites), Bionca, Wayne Summers, Bridgette Monroe, Rocco Stiffredi and Gidget. Videocassette: Coast to Coast.

One or two minor adjustments would have earned *Nation* a higher rating. Filled with heinie humping (five, in fact), a full-on, cum-on-the-tongue facial and the spellbinding sight of two stiff pricks sticking it to Cameo's shapely, slim trim, *Anal* is way above average in erotic amperage. The main problems are the distracting soundtrack and bad acting (easily cured by turning down the sound), and the ephemeral nature of the back-forty plowings (not so easily cured). Some of the back-door bonings are so brief, and the foreplay so long, that a blinder might miss the main course. But pay attention, and this is one *Nation* for which dicks will stand. —W.H.

TOYS 4 US 3: SWALLOW THE LEADER

One-Quarter Erect. Directed by Tommy Jackson; starring Samantha Strong, Taija Rae, Jamie Summers, Careena Collins, Nina De Ponca, Carol Cummings and Debi Diamond. Videocassette: Western Visuals.

For a tape packed with dickless fuckers, *Us 3* ain't all bad. Provided, of course, the viewer is into snatch-to-snatch nonsense. All the scenes have been clipped from various Western Visuals titles and tossed together like clothes in a K-mart bargain bin. Some of the clips are hot; most aren't. The pussy-tease by Taija Rae and Samantha Strong in the backseat of a limo is slightly salivating, and the ending gash-bash, complete with a crystal see-through dildo, creates a minor burst of lesbian heat. This tape provides excellent support for the contention that ladies-only tapes are an insipid waste. —Rusty Knox

FORCED LOVE

One-Quarter Erect. Directed by Michael Craig; starring Lauren Hall, Sharon Kane, Kelly Royce, Lynn LeMay, Suzi Bartlett, Renee Summers, Randy West, Mike Horner and Jon Dough. Videocassette: Las Vegas Video.

Forced Love is a word-heavy foray into the soporific realm of premarital fidelity. Randy West is cloyingly sincere as a big-time TV star whose impending marriage puts his pussy-poking days behind him. Leggy Lauren Hall administers Shiatsu dick-therapy to Jon Dough; Mike Horner (in a fox suit) mounts Sharon Kane; Suzi Bartlett seduces Dough (dressed in a chicken suit); West eventually succumbs to a joint blowjob by Hall and Kane; Kelly Royce milks a load from Horner's love-udder. *Forced Love* isn't hot—but it should be. —Buster Slade

CORRUPTION

Three-Quarters Erect. Directed by Bruce Seven; starring Bionca, Tianna, Porsche Lynn, Charisma, Randy West, Peter North and Joey Silvera. Videocassette: Coast to Coast.

Even though the story is stupid and the starring bimbos ain't gonna win any beauty contests, *Corruption* scores high on the hard-on chart. Why? Because four of the six screws are smokin'! Facials, fine photography and horny starlets keep the viewer on edge. Director Bruce Seven knows what heats a peter: ass-slapping, nipple-pinching, and anal-probing ginches on a sperm-sputtering spree. Turn down the sound and get corrupted. —W.H.

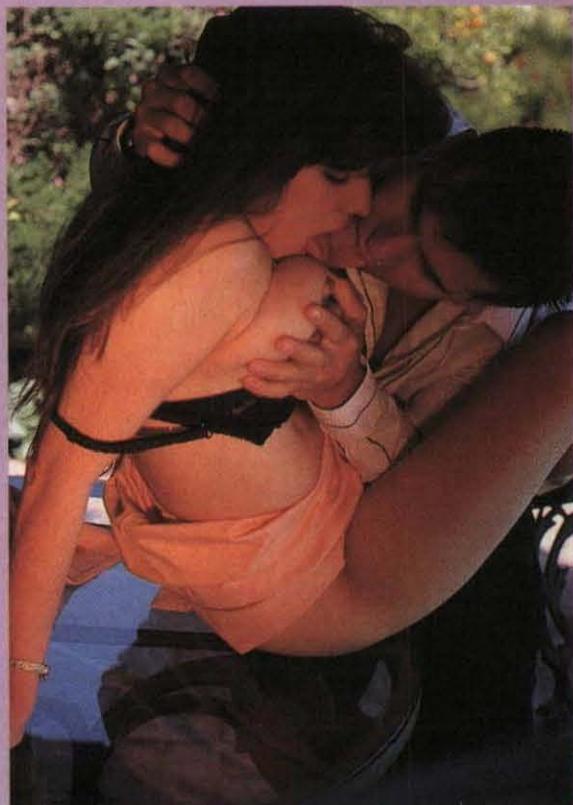

Corruption scores high on the hard-on chart.

ANAL INTRUDER 5

Half Erect. Directed by Michael Carpenter; starring Kim Alexis, Paula Price, Bionca, Jeanna Fine, Nikki Wilde, Chessie Moore, T. T. Boy, Marc Wallice, Eric Price, Don Fernando and Michael Morrison. Videocassette: *Coast to Coast*.

Voter apathy is today's gravest threat to democracy, but if little Kim Alexis's butt were placed in selected polling places, the great disenfranchised majority would rear its empurpled head, stand stiff and line up to cast a hot, wet ballot. Most would want to cast at least twice. Alexis, as a political activist who puts her mouth and both holes of her hairy lust trench into a campaign effort, gives the prurient voter plenty of chances to shoot the bolt in *Intruder 5*. Kim opens by sucking up a dollop of T. T. Boy's dick slop, moves along to exchange penetrating views with Jeanna Fine, Bionca and a selection of dildos, and finishes her stumping with a triple filling and semen-spilling from Boy, Marc Wallice and Don Fernando. With support butt-wrenching from Chessie Moore, Paula Price and Nikki Wilde, *Anal Intruder 5* should get the lever pulled. —Christian Shapiro

PLAY SCHOOL

One-Quarter Erect. Directed by Chi Chi LaRue; starring Jeanna Fine, Randy Spears, Jon Dough, Madison, Patricia Kennedy and Sikki Nixx. Videocassette: *Soho Video*.

Casting porn stars as college kids is an insult to intelligence, placing a severe strain on the viewer's brain. Such a strain could be overlooked if the sex produced as powerful a pull on the crotch. It doesn't. Extended male masturbation scenes, corny, kinky shoe-fetish footage and unerotically erratic editing pulverize the few instances of promising passion. A limited, not overly attractive cast of coquettes doesn't help, especially when even the easiest of plots is poorly done and the soundtrack sounds like Muzak from hell. Now that you've been educated, ditch *School*. —W. H.

ANOTHER SECRET

One-Quarter Erect. Directed by Henri Pachard; starring Peter North, Joey Silvera, Jon Dough, Sabrina, Ashley Dunn and Patricia Kennedy. Videocassette: *Soho Video*.

What could be worse than shrinks who fuck their patients and whores who psychoanalyze their tricks? Watching a video of it, especially a video that fails to lampoon its clichéd topic and takes itself much too seriously. The cast is not up to delivering subtle psychological portrayals; yet precious time is wasted on plot instead of porking. The camerawork and music are excellent, but the bone-deflating editing and lack of variety, beauty and voluptuousness harlot-wise make *Secret* not worth knowing. —W. H.

LIFE IN THE FAT LANE 2

Fully Obese. Directed by Loretta Sterling; starring Teighlor, Unique Love, Cindi Adams, Linda Lou, Whitney Valentine, Rod Burrito, Eric Edwards, Jeff Golden, T. T. Boy, Big Ed and Ray Victory. Videocassette: *Filmco*.

Get off in the *Fat lane*.

Big-budget Hollywood horror films have special-effects geniuses who concoct monstrous creatures that both repel and fascinate an audience always hungry for some apparition weirder, freakier and scarier than last week's figment. Porn films have no such budget or genius, but their viewers have an even greater appetite for aberration, a taste guaranteed to be satisfied—perhaps oversatisfied—by the naked Teighlor. While *Fat Lane 2* lives up to its title, with the four supporting chubs weighing in from fat to corpulent in their five slab-stabbing fucks, phrases such as suet-sack, cellulite-heap and cascading terraces of blubber do not begin to describe the grotesque bacon seen here. Go ahead, sneak a peak. Now try to look away. —C. S.

Finer could have been better.

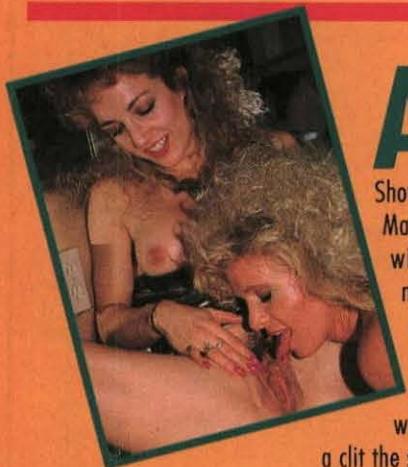

THE FINER THINGS IN LIFE

Half Erect. Directed by Bruce Seven; starring Jeanna Fine, Bionca, Madison, Raven, Lois Ayres and Sharon Kane. Videocassette: *Inhand Video*.

Startling visual images highlight this tape. The music and dialogue annoy, but the string of saliva from Fine's tongue to Kane's cunt makes up for it. Madison digging her silver spurs into Bionca's back and Lois Ayres's crack, some playful bondage and plenty of energetic tongues and fingers also redeem the director for the sixway finale that doesn't climax and the predictable nature of most of the girl-girl pussy-probing. With some man-meat and additional heat, *Finer* could have been better. —W. H.

HAPPY BIRTHDAY, MADISON!

At the recent Consumer Electronics Show in Las Vegas, reigning sex queen Madison celebrated her 26th birthday with a cake and a whipping from master kinkster Bruce Seven, who gleefully added a few extra strokes for luck. Meanwhile, Delta Force declined a piece of cake and went for Holly Ryder's tasty morsel: a clit the size of Baltimore.

☛ A SHOT IN THE MOUTH

Half Erect. Directed by Scotty Fox; starring Raven Richards, Paula Price, Kim Alexis, Lauren Brice, Eric Price, Randy Spears and Tom Byron. Videocassette: Moonlight.

Even women who enjoy sex sometimes balk at certain acts of male fulfillment. Rare is the raunchette who can take a blast of ball juice straight in the kisser without flinching, or at least curling her lips back in an involuntary grimace of distaste. Perhaps this intrinsic reluctance on the female's part to splash her teeth with snot accounts for the male's recurring fascination that she do so. The primal urges to dominate women and vandalize their lipstick are exploited by *A Shot in the Mouth*. The first orgasm delivers a direct Eric Price wad-dump in the willingly widespread face hole of bump-butts blonde Paula Price, a messy geyser of goop that she tucks in her lip and sucks against her teeth like a wad of thick, white chaw. Spears unloads on Lauren Brice, but his aim falters, striking chin and lower. Kim Alexis diverts a spuzz stream to her cheeks, and Tom Byron spills his jizz on a hairy crotch. *Shot* is hardly a tour de face.

—C. S.

WILD GOOSE CHASE

Fully Erect. Directed by John Stagliano; starring Julianne James, Joey Silvera, Angela Summers, Patricia Kennedy, Tamara Lee, Champagne, Randy West, Candice, Jeanna Fine, Sean Michaels, K. C. Williams, Christie Keith, John Stagliano and T. T. Boy. Videocassette: Evil Angel Video.

Perv vision for every man in *Goose*.

Not everyone appreciates a good slut the way John Stagliano does, but we sure do. Stagliano thinks with more than his dick—he also uses his tongue, his nose, his hands and his camera. His entire physical being, and probably his soul too, is focused on twisting, turning, penetrating and anointing the female form and face to show off distaff depravity in all its most male-arousing facets. Some porn directors have a recurring fetish, or two; Stagliano has every carnal compulsion known to heterosexual man, and he unleashes them all. Returnee cream dreams Julianne James and Jeanna Fine live up to John's vision of what a lady should be, as do the several supporting cum-sucking tramps of *Goose Chase*, a shot-on-film, fun-filth extravaganza of plot, humor, acting and some of every man's perv vision.

—C. S.

☛ RACQUEL UNTAMED

One-Quarter Erect. Directed by Henri Pachard; starring Racquel Darrien, Alex Storm, Tiffany, Derrick Lane, Jerry Butler, Chessie Moore and Rick Savage. Videocassette: Cinderella.

A better-looking cast, a better story, better acting, better music and better fucking would have made a better video. It doesn't take a rocket scientist to figure out that director Henri Pachard just doesn't give a fuck. Racquel Darrien should screw some other guys besides Derrick Lane. She's the hottest twat in the tape, but Moore gets the most fucks. Big-tit fans will dig Chessie, but it's a shame Butler and Savage don't sample the leading lady's bronze beauty. Only two sex scenes feature Racquel, one with Moore and one with Lane; she remains too tame.

—W. H.

Even with Moore's depravity, *Racquel* is too tame.

HOT SPOT: JENNIFER STEWART

After being approached by director Paul Thomas, Jennifer Stewart took five months to decide to jump into the hardcore playground. "I used to turn my nose up at bikini contests," Stewart says. In the end, the prospect of big bucks overrode any snooty attitude. "I was going to college full-time and working three jobs," she explains. "The possibility of making money, going through the embarrassment for a little while, is worth it in the long run." Stewart is close to a degree in business management, with an eye toward a career as a financial planner, but it wasn't just money that put this 22-year-old Southern California native in X. As she admits: "I've never met a dick I didn't like." Stewart, a contract player with Vivid Video, can be seen in *The Swap*, *Lifeguard*, *Passages*, *No Time for Love*, *Torrid Without a Cause 2* and *Designer Genes*.

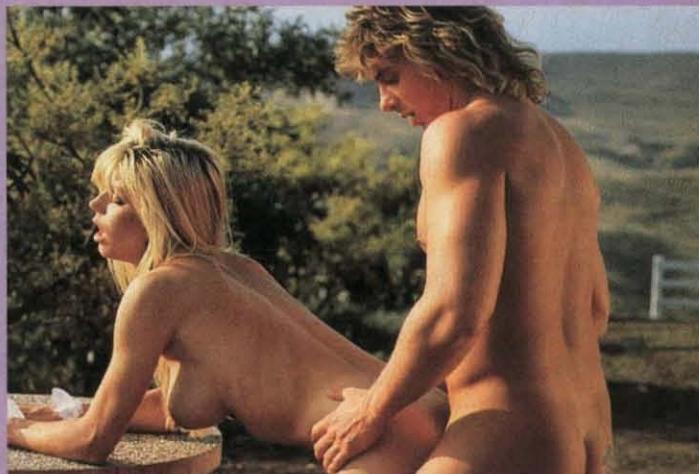

SWEET MISS FORTUNE

Half Erect. Directed by Scotty Fox; starring Danielle Rogers, Randy Spears, Bridgette Monroe, Rayne, Krisstarah Knight, Jon Dough and Chris Douglas. Videocassette: Legend Video.

If crank-'em-out crud director Scotty Fox ever has an original thought, he'll probably never think again. In *Sweet Miss Fortune*, Fox takes the art of ripoffs to a new low, bypassing the fields of legitimate films or TV to steal an opening scene from Paul Thomas's Brat pictures. Jon Dough fills in as Tom Byron, ineffectually licking the pussy of impassive Danielle Rogers as she dispassionately files her nails and pretends to be the Jamie Summers Brat character. Breaking with the established convention, Rogers actually licks Dough and lets him dick her; she closes out the tape, a regenerated jezebel, by unveiling her renovated tits and taking a quick dip from studly Chris Douglas. Dough has a wad-fling with ducky Krisstarah Knight, after she's lipped a brunet frill's labes, and Randy Spears drives his point home in Danielle's best friend's honey burrow, the sweetest boning of hit-and-miss *Fortune*.

— C. S.

Rogers is a *Sweet* piece.

The girl has *Assets*, but she doesn't use them.

THE GIRL HAS ASSETS

Half Erect. Directed by Michael Craig; starring Rayne, Kelly Royce, Dusty, Raven, Tom Byron, Rick Savage and Buster Cheri. Videocassette: Las Vegas Video.

Young, honey-blond, taut-bodied, bone-baiting broads with soft, smooth basketball buns and natural, passion-fruit titties exude a magnetic sensual appeal that is as close to being universal as any physical type needs to get. Every porn tape should have at least one, and *The Girl* does. Every skeeve in this farcical, office-romance fuck flick wants into her syrup center. The guy in the mailroom wants to goop her, and does. The boss wants her to tongue-buff his horny helmet, and he gets what he wants. The balls-out female execs want their share of sunny-blond slit, and their tongues and twats are treated to a taste. So what went wrong? Who knows, but *The Girl* is ultimately dull, despite her assets.

— C. S.

HEART TO HEART

Half Erect. Directed by Scotty Fox; starring Danielle Rogers, Devon Shire, Sunny McKay, Tom Byron, Tiara and Marc Wallace. Videocassette: Night Time Video.

Hollywood has the star vehicle, a flick carried by one amazingly talented star. Pornowood also has star vehicles. *Heart to Heart* is one, with Danielle Rogers being the designated driver. Dimpled, doe-eyed and dome-boobed, Rogers plays a radio talk-show host who's not getting along with her on-air husband, Randy Spears. Her solution? Rogers convinces production assistant Tom Byron to bury his nose in her snatch before ramming his pork into some shaved quim. Spears's answer? He eats Sunny McKay's imported Aussie beaver, then bangs her hard on the same couch where his wife just fucked Byron! Dramatic irony! Wow! Add to this thespian-fest a lesbo encounter between Tiara and Rogers, as well as Marc Wallace's usual jackhammer fuck-technique, and take another predictable jaunt into the screwed-up libidos of radio talk-show hosts. —Jody Davis

Heart: A Pornowood star vehicle.

THE FACE OF FEAR

Three-Quarters Erect. Directed by Bruce Seven; starring Ca See, Alexis Paine, Jamie Lee, April Rayne, Lynden Gray, Edward Powers and Roscoe Bowltree. Videocassette: Bruce Seven Productions.

The Face of Fear is primarily the face of a whipped ass, and to a lesser extent clamped nipples, leather-and-chain harness restraints, slapped titties, strap-on mouth gags, creative applications of rope and cell-door bars, multiple-thong whips and an orgy of rump-obliterating, boob-covering, pussy-coating, hot-dripped candle wax. And then there are the sounds: the snaps and slaps of the whips and punishing hands, the domineering commands of masters and mistresses to humbly responding slaves, and the groans, moans and mewlings of a crimson-cheeked Ca See. The only really scary part is the bondage of Edward Powers, but the tape cuts short while his shorts are still in place, just this side of true *Fear*. —C.S.

HOT LETTERS

(continued from page 17)

I pulled her dew-laden panties off and held them to my face, taking long, deep breaths, letting her pungent aroma fill my senses.

in my mouth and sucked until, sure enough, he moaned and filled my mouth with hot, ageless cum.

That was the beginning of the most precious time of my life. I wouldn't trade my old man for all the boys in China. —N. E.

Boston, Massachusetts

ROSE BY ANY OTHER NAME

Nothing gets me hotter than smelling pussy. Because of my aromatic fixation, I've developed a real thing for women's panties.

When I hold a woman's dirty panties to my face like an oxygen mask, deeply breathing in the heady aroma from the sweet cotton folds of the crotch, letting my senses fill with the dank perfume, I bust straight into sexual nirvana.

The first time I went to bed with my current lover, Pamela, I pulled her jeans off, but left her panties on her hips. I lay between her shapely legs and pressed my nose against the crotch of her cotton panties. I ate her pussy through the folds of panty fabric. Because her panties covered her pussy, I was able to eat her much more roughly than I would normally be able to do. I gnawed on her pussy lips through the cotton shield, which drove her absolutely wild. The juices that rolled out of her pussy made the crotch of her panties wringing wet. When I inhaled the musky odor of the fresh, soggy snatch, my cock nearly erupted.

I pulled her dew-laden panties off and held them to my face, taking long, deep breaths, letting her pungent aroma fill my senses, until her musk was firmly embedded in my memory bank. While I breathed her feminine fragrance, Pamela pulled my clothes off. However, she left my undershorts on and gobbled my cock through my underwear! She did exactly to me what I did to her! She used her teeth—an absolute taboo without the protective cotton lining—biting my bone through the fabric of my jockey shorts, and it felt exquisite.

Then Pamela pulled my jockeys off and lay back with her legs spread. I took her panties off my nose and rubbed them between her legs, through her glistening labia, over her inflamed pussy, giving her a cotton variation of the infamous Silken Saddle, until the fabric inflamed her fuck nerves, getting her off with her own underwear.

Her powerful poontang odor wafted straight up my nostrils as I rubbed her panties hard and fast across her slippery slit, and her pussy beamed beet red. She writhed ecstatically on the bed, thrusting up against the rough fabric crossing her labia, totally lost to soaring passion. Her beautiful body tensed. Her face knotted in orgasmic exertion. Her soft breasts shook with pre-orgasmic tension. She grunted through gritted teeth, and then her torso thrashed wildly from side to side several times in rapid-fired succession as a searing orgasm tore through her body with the force of an earthquake. Pamela came her tits off, and then her body relaxed, and she smiled radiantly.

She watched, her smile intensifying, as I pulled her panties away from her pussy and held the dew-soaked crotch to my face, feeling her scent excite my entire body with electric jolts of pure passion. My cock twitched excitedly. Pamela pulled her panties from my nose and draped them over my cock. She went down on me, giving me fervent head through her panties. The moisture of her panties felt cool on my

cock head, and Pamela used plenty of tooth action to get me off. I fired my rocks and soaked the thin cotton, putting a huge wet spot on them, and Pamela sucked my spunk through the fabric of her panties.

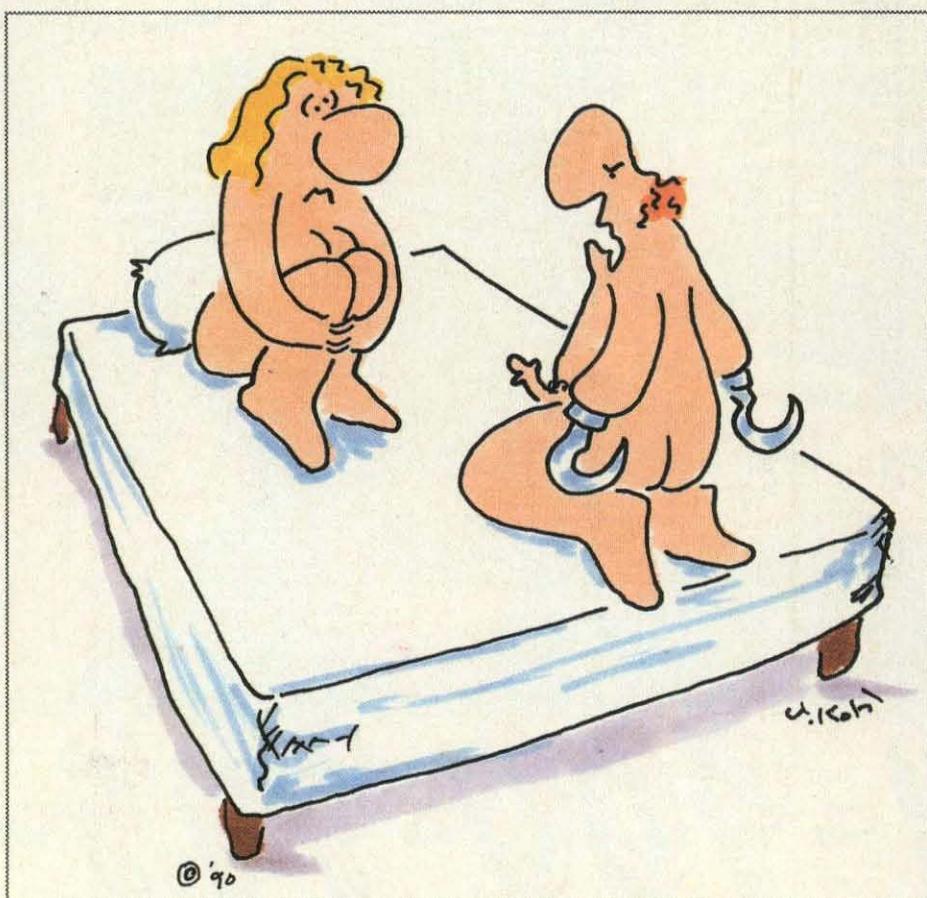

When she finally tossed her panties aside, I was still rock solid. She pulled me on top of her, and my still-rigid cock slipped easily inside her steaming hole. Her cunt squeaked with excess moisture. Her sensational scent was still on my nose. Every breath I drew was tinged with Pamela's pussy aroma. Each time that smell registered, a wild, erotic chill raced up and down my spine.

Our bodies seemed to be totally in sync. Just after I fired my second round of blazing goo, Pamela's highly responsive body lapsed into another orgasm. It shook her to the bone and left her breathless, and we hugged tightly. I knew I had met my sexual soul mate, a woman as kinky as me.

Since that first time, Pam always wears dirty panties, and I always eat her to orgasm with her panties covering her pussy. When I pull her juice-laden panties off and hold them to my face, my soul becomes electrified.

BEST PHONE SEX

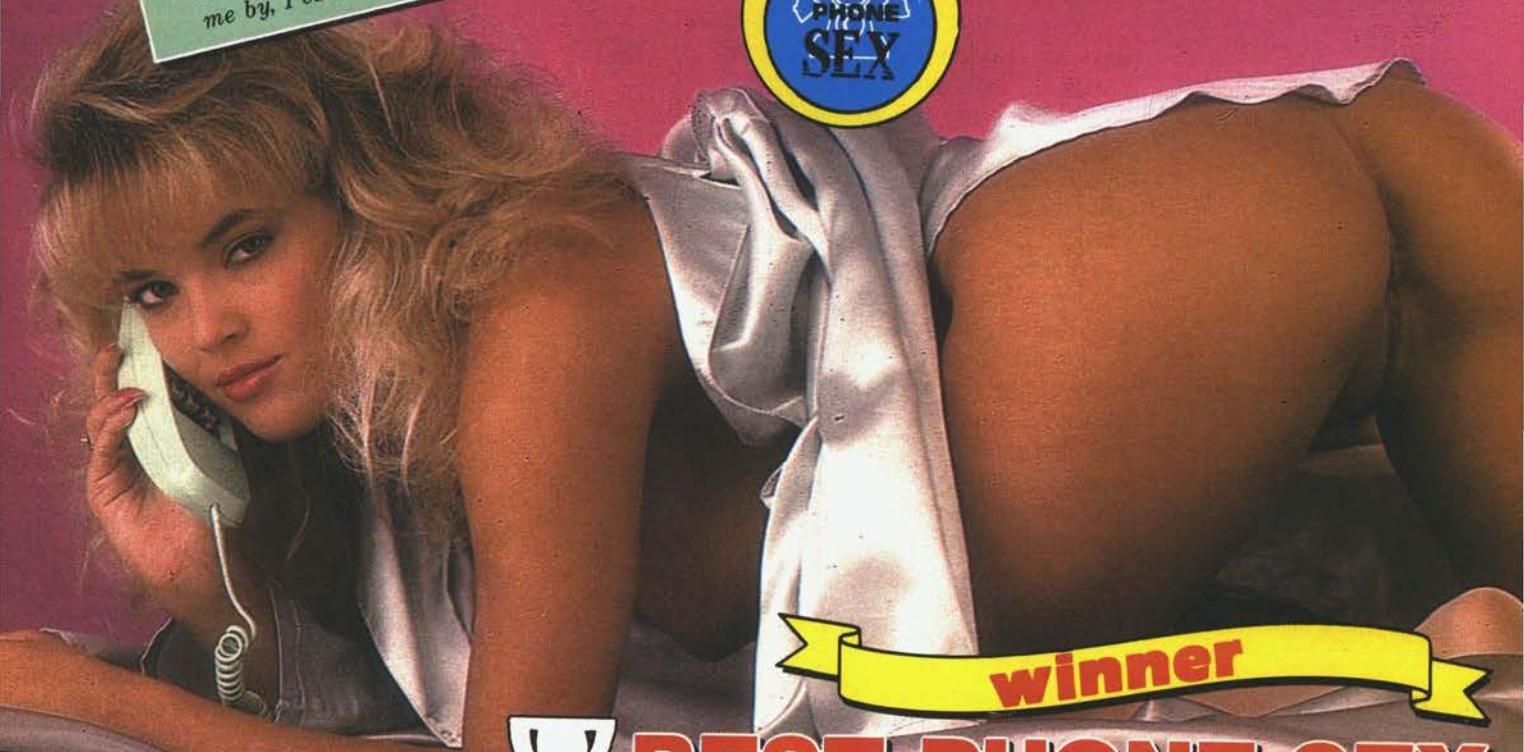

By S. Sims

"The Girls of Dial-A-Porn"

Phone Sex appeals to me in several ways. It contains absolutely no risk of arrest, disease, or rip-off. And perhaps the best of all, there are very few formalities. I bought a copy of Hustler Magazine and scanned my card number. Then I waited for process verification. Two minutes seemed like an hour. Then...
She: Hi, Steve. (The voice is gentle and sweet, much nicer than I had expected.) I'm Tjada. I hear you are a little bit horny tonight?
Me: Well, yes, Tjada, you could say that.
She: First, would you like to know what I look like?
Me: Yes.
She: Well, I have blonde wavy hair flowing down to the crack of my ass. I'm 5'7, I weigh about 120 pounds and my measurements are 38-24-36. How does that sound?
Me: That's really hot but I'd really like for you to suck on your huge stiff cock like there was no tomorrow.
She: Ooo really! My lips are aching to play with them. I'll just crawl between off my silky panties and bustier. I have really big tits, and I want you to kiss your balls first, okay? I'll lick one, mmm, then the other. Mmmm, does that feel good?
Me: Oh yeah. (It certainly sounded like she was really sucking on the other end of the line. I was very turned on at that point too. Now this lady obviously deserves an A + !)
She: Now I'm going to work on that thick-veined cock of yours. Mmmm. I can't wait to put it in my mouth. Mmmm. I'll just lick the tip with my long, wet tongue. Mmmm. You taste so good! I can't wait to have more.
Me: My cock is too thick and sweet to pop in your mouth. Mmmm. You really fill me up, ready for you. Just push it right in my snatch!
She: Oh God!! I love to fuck sexy guys like you. I'm so wet, honey, I'm going to drive it into your wet snatch! Yeah! Ah! Ah! Just like that, lover. Ummm. You really cum of my life! harder, harder, fuck me...!
This was one hot call! Although Tjada's way may seem too tame for some tastes, she had an incredible way of keeping my temperature rising better than any of the others. She kept me involved in the action until I had the best cum of my life!
In parting she told me ours was the steamiest call she had all evening and that I could call her back anytime, she will be available for me 24 hours a day. That alone makes her call an A + + . Not one to let a good thing pass me by, I called her the very next night at **1-800-999-6117**. What can I say, I only go for the best!!

SELF-CASTRATION

A CUT BELOW

Shortly after he's tunneled out of his mother's dilated cunt, the average American boy is wheeled into a stainless-steel chamber where scalpels and forceps wait to accost his future manhood. Blanks, nurses and doctors attach steel clamps to his unanesthetized babydick and slice the casing off the microsausage. Their sanitary procedures and perfunctory, professional manner belie the fact that this ritualistic form of decorative surgery dates back to the rusty sabers of primitive savages.

Australian aborigines visit another form of genital mutilation upon the prepubescent, slicing open the urethra from the glans to the scrotum on the underside of the penis (taking care not to cut into the *corpus cavernosum*, with all its erectile tissue). The result is what Australians humorously call the "whistle cock," referring to its whiffing leakage of sperm and urine. Like Americans, who mostly regard the uncut as backwoods rednecks, the aborigines only accord full social status to those who have undergone subincision.

An entire new cult of "modern primitives" among today's American bohemians offer up their cocks for additional modification on a voluntary basis. Postmodern penises sport ornate tattoos, studs, or a ring or a chain piercing the glans and the urethra. Metal-punk dweebs of all ages compare their genital jewelry at New York and L.A. nightclubs. "You mean you wanna stick that thing in me, rings and all?" shrieked one red-blooded broad at Hollywood's Club Lingerie upon sighting a would-be swain's hardware-laden pud.

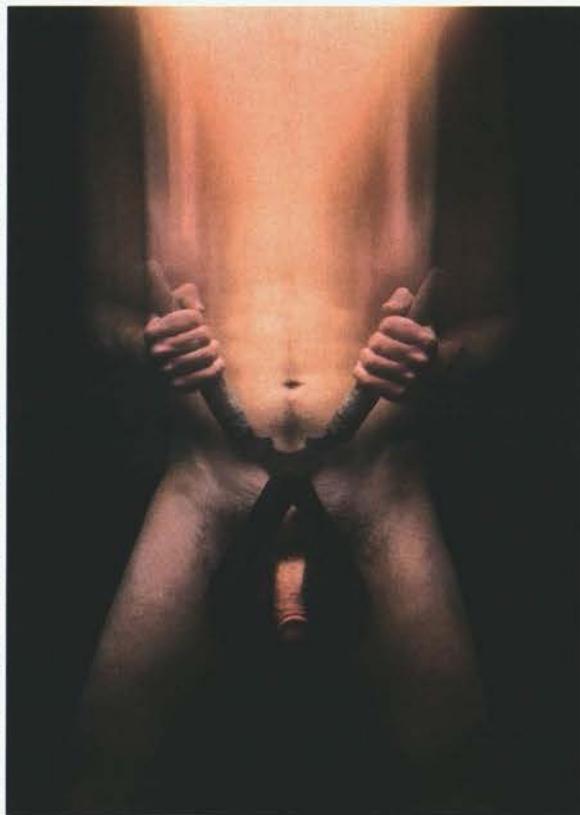

Beyond undergoing all manner of hideous surgery, the penis is a political liability. Feminist pundits are vocal in their conviction that possession of a penis is in itself an overtly fascist act—fucking is seen as a violation against women. "The thrusting is persistent invasion. [A woman being fucked] is opened up, split down the center. She is occupied—physically, internally, in her privacy," warns ultrafeminist Andrea Dworkin. September 1989's

East Coast Lesbians' Festival stood its ground against a politically backward sister who toted along a 16-month-old baby boy, his male appendage heading irrevocably toward manhood. Soon, the mother's cabin became plastered with signs reading "Baby Prick Go Home" and "Don't Feed Males, Don't Breed Males." A festival organizer reported that lesbians who become pregnant should have abortions if tests indicate that the fetus is male. "Boys are born with pricks and male privilege. These attributes do not mysteriously appear at a certain age," declares lesbian Elizabeth Braeuman. Dworkin reminds us that "new reproductive technologies have changed and will continue to change the nature of the world. Intercourse is not necessary to exist anymore."

No wonder an increasing number of embattled dick-owners are looking to unload their unwanted liabilities. It's not understandable—but it's no wonder. Modern scientists H. Grielsheimer and J. E. Groves, in their 1979 article on "Male Self-Mutilation," maintain that genital self-desection occurs most frequently in psychotic men and as a "component of transsexualism." The strange part is that most post-op transsexuals, experts agree, enjoy their penis-free existence, and the so-called psychotic men are glad they took the blade to their offending organs.

Take the 44-year-old white merchant seaman admitted to Bellevue Hospital in New York City after castrating himself by cutting out his testicles with a razor blade. Dr. Aaron H. Esman's "A Case of Self-Castration" (*Journal of Nervous and Mental Disease*) seeks to undermine the sanity of his patient with the antiseptic and dissecting language of the scientist. Six months before the seaman emasculated himself, he stated: "I want to be loved. I want to have my penis and scrotum cut off and have my testicles pushed up into my abdomen. Please, Doctor, won't you help me? I bought a maid's uniform at Macy's and want to be a servant for

Letters From Desert Storm

Red, White and Blueballed at the Front

The letters started coming in months ago.

"Dear HUSTLER:

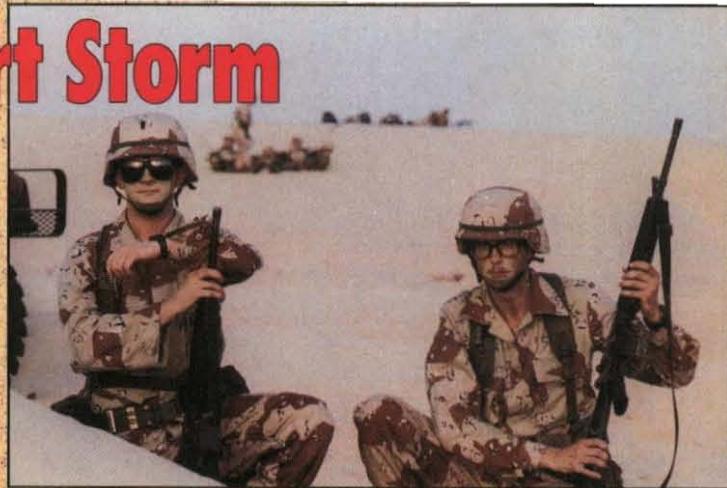

I've been in this stinking country (Saudi Arabia) for over 120 days, and I'm tired of seeing all the women in these funky-looking black gowns."

Every day we receive another packet of mail from the front: "When camels start looking good from behind, then it's time to call for help. HELP!"

Confesses a Third Battalion Leatherneck: "There is not one Marine I've talked to that wouldn't trade places with you." Not to escape the heat, grit or danger of duty, but to gain access to women, love dolls or even mechanical pussies. "Thank you for your patience," he concludes, "and get fucked for us."

More than one morale officer has written to request "motivational" letters and photos from female readers who appreciate the men doing our fighting for us 7,000 miles from home.

So far some of the troops have been able to pull into ports here in the middle east that allows us to drink a beer or two. To add to this we have had what we call "Steel Beach" parties on the decks of our ships. As a matter of fact we have had all the amenities of home except for one thing, Pussy. So for all the female readers and wives back home don't worry we are all thinking of one thing. Getting that good old Pussy that we are being denied. Again thanks to all the personnel that is involved in this.

Dear

Hello from the men of the Air Traffic Control Division of the USS Saratoga. We are in the middle east in support of 'Operation Desert Storm'. We have been away from home for 160 days now of which over 140 of those days have been at sea. That is a lot of lonely nights. We have come across a few back issues. We would like to invite any lovely ladies who read this more. We would like to invite any pictures (especially the pictures!). Any lady who would like to write to us a letter on the day of a lonely sailor please write to:

you.

Dear Hustler Magazine,

Just a quick note from Operation Desert Shield to let you know that even in these harsh conditions we have managed to get a copy of your magazine.

You have probably heard by now of the absurd restrictions that we face over there, such as, us not being able to view beautiful women in the buff. However, as a U.S. servicemen we pride ourselves from making the best out of a horrible situation.

Being able to see the women in your magazine lead to an increase in the moral of my troops. As you can probably figure, there are not many women around here to be viewed and of the few around, you could probably do without. The women in "Beaver Hunt" were spectacular, and Robyn could be the Desert Shield pin-up girl, she was definitely gorgeous. Seeing these women helps remind us the reason we are over here.

UNITED STATES MARINE CORPS

Dear Hustler Magazine, I am a U.S. Marine currently serving in Saudi Arabia, all I wish to do is say keep the outstanding work up! Today I was looking through your July 1990 issue and I was stunned at the quality of your work, everyone in the platoon loved the magazine and kept begging for it. Of course you know that pornography is illegal in Saudi but, it didn't keep us from smuggling this work of art into this country. I'll tell you after a month of not seeing a single woman and to get my hands on your magazine was a turn of luck, well as I was saying keep the good work up and don't worry about the goody-tooshoes who slander your publications. Thankfully yours, D. M. T.

some sophisticated, older artist woman. I'll scrub floors for her. I'll do anything. I want to be more of a child. Why doesn't anyone love me? They can call me cunt-lapper, but that's my business. Directly following the seaman's gelding, his doctor reports that the patient became alert, cheerful and "quite intact." Six months later, the doctor communicated with his patient via letters and a telephone call, both attesting to the patient's good adjustment. As difficult as it was for him to admit, Dr. Esman concedes that his patient's castration proved to be the proper tonic for what ailed him.

S. Lennon, the author of a report on "Genital Self-Mutilation in Acute Mania" for the *Medical Journal of Australia*, suggests that even in the early 1960s the practice of self-castration was more common than the lack of published reports on the subject would indicate. In one case, Dr. Lennon describes a 28-year-old chronic schizophrenic who amputated his penis about half an inch from the base of the perineum. Among his other crimes, Lennon's young patient exhibited feelings of inadequacy, and preoccupation with subjects of a philosophical and mystical nature.

Another of Lennon's patients was an intelligent, well-educated, 42-year-old man who amputated his penis with a razor blade practically at the level of the perineum. This well-adjusted fellow, called "manic" by his doctor for his friendly, outgoing behavior, harbored most interesting reasons for whacking off his willie: "On going through some old correspondence, he came across a note from his mother. The gist of this note related to his brother's recent change of address. The street to which his brother had moved bore a rather odd-sounding name, and the patient's mother, in a postscript to her note, had written: 'This may look funny, but it isn't.' The patient remembered dwelling for some time on the word *funny*, at first toying with the idea, and eventually becoming convinced that it would be *funny* to cut off his penis. He then sat down, tied a rubber band as a ligature around the base of his penis and sawed through it with a razor blade. He remembered clearly the details of the operation and described it as being very painful, but his mood at the time was happy and cheerful. He did not go to breakfast that morning, but jumped into his car, threw his penis on the floor and drove off toward his place of work, feeling so exuberant that he burst into song."

Dr. Lennon goes on to mention that the patient

was interested in, and proficient at, a number of outdoor games, was a good mixer, popular with his fellows, intelligent and successful at his studies, but "marital disharmony" persisted with his wife over his sexual demands. The patient, however, demonstrated a chivalrous attitude toward his penis and, by extension, his wife. "I knew my divorce was coming up, and I would have no further use for it," he reportedly admitted. Dr. Lennon was perceptive enough to note the patient's lack of remorse and the almost self-satisfied complacency attained through his self-mutilation, which suggests that the patient, by this action, had in some way arrived at a satisfactory solution to an unconscious conflict.

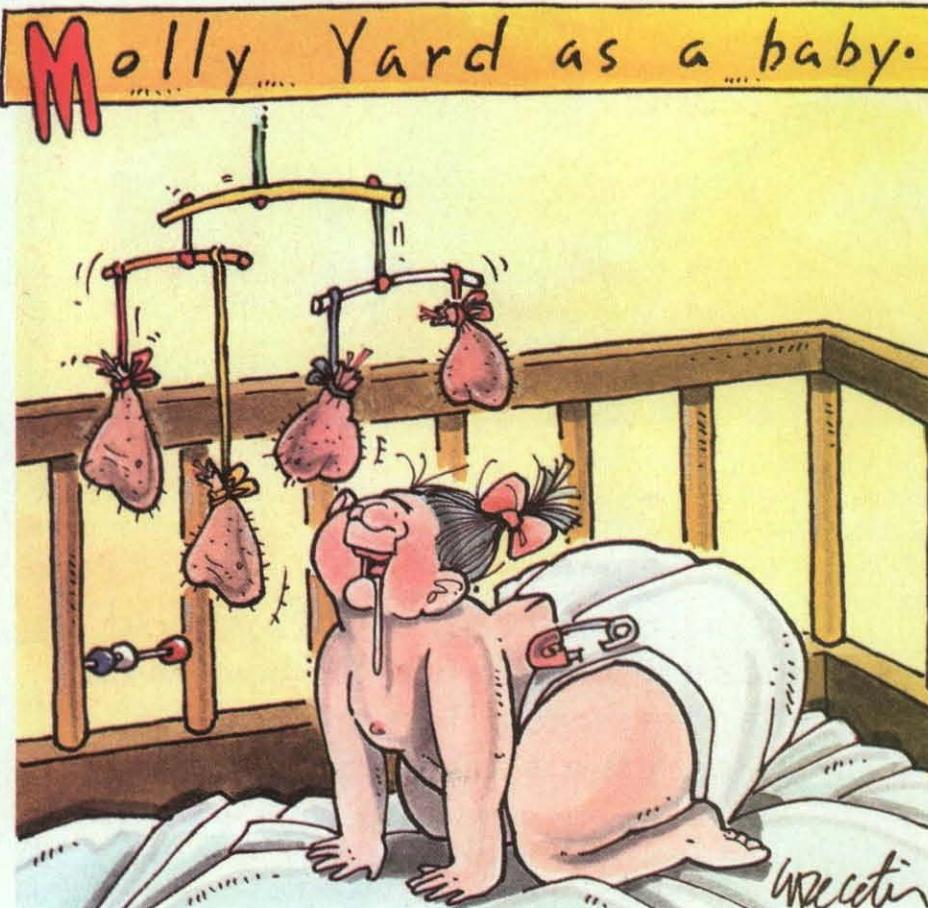

Leon M. Beilin, writing in *The Journal of Urology* in October 1953, reported several more providential outcomes to self-removal of the testes and/or penis. One elderly patient stated that his reason for self-emasculation was that his wife had refused to have intercourse with him. After this act, Dr. Beilin reported that the patient was in good health, well-behaved and oriented, and apparently showed no regret for his action nor resentment toward his wife.

Another of Beilin's patients, age 23, was inspired to amputate his testicles after helping his father castrate some pigs that morning. Said Beilin: "The physician who administered first aid noted that the patient was quite calm and appeared to be in a state of inward exaltation." Dr.

Beilin went on to describe the penile amputees as "voiding freely in the upright position, though the stream is splashing and the aim is poor."

It's doubtful that all such surgical hobbyists were pushed into slicing by radical, cock-hating lesbophiles. Cultures as diverse as the Roman and Babylonian have glorified the Divine Hermaphrodite. The contemporary surgical hermaphroditism known as transsexualism is so common that it has become boring. Most American trannies are created through elaborate, expensive operations, but their brethren in India, named the Hijarah, have a less expensive procedure. According to J. B. Mukherjee in *The American Journal of Forensic Medicine and Pathology*, emasculation is carried out by the adult Hijarabs at secret ceremonies where the penis and scrotum of the victim are removed by a clean sweep with a knife. A local quack then quickly provides bandages soaked in burnt cow dung and camphor dust to control loss of blood and infection.

Given the forces that are turning the morals and priorities of America upside down, Andrea Dworkin may well be right. Science may have successfully rendered the practical service of the penis obsolete. But as long as a few die-hard squares cling to their rods, such cries from the anticock coalitions can be dick-whipped into abeyance. At least for the time being, kings still rule the castles—and no man can be king without a scepter. ♦

ISLAM PUSSY

The wife's duty is to satisfy her husband's sexual desire, because when his cock is erect, he cannot think of Allah, science or knowledge.

At a private party at an Arab enclave in Los Angeles, the smell of incense and heated honey fills the air. A young woman slithers across a tile floor in a ritualized dance of seduction. Her lithe body is wrapped in an almost invisible sheath of blue veils. Throughout the dance, the veils creep down her body like the skin of a shedding snake. The room is filled with the wives and mistresses of a few Arab men, but she dances for herself, not for others. Finally, the veils fall to the floor. Revealed is the bronze skin of a lovely woman who had been taken as an infant by slave traders and held captive since childhood. She had been trained by a master to walk on stilts without wobbling while he inserted a finger up her tiny sphincters. To make sure she did this "act" correctly, he tied bells around her neck, wrists and ankles, and she learned to maneuver herself without a sound. Today, free of the constraints of her native Arab country, she is an American citizen. She dances to fulfill the romantic expectations of her American hosts, but it is the favor of a woman of free will, not the duty of a slave.

The image of a joyfully erotic belly dancer was the chief American idea of Arabian womanhood until modern technology brought new and disturbing images of crowds of black-veiled, somber women into every American home. We now know of a desert land where public life is a costumed ritual, and private life is shadowed in mystery and brutal rites. In the chains of Arabia's most guarded privacy lies the embattled Arab woman, with only her eyes visible above a heavy veil, eyes described in Islamic literature throughout the centuries as dangerous, haunting and mirroring a soul that is in league with the devil.

Islam, the primary religion of the Middle East, inherited an ancient image of Eve [the mother of all women] that depicted her as a follower and instrument of Satan. The body of woman is considered the devil's abode. A well-known Arabian proverb says that whenever a man and a woman meet, the third to join is always Satan. The prophet Mohammed himself warned his tribes that, after he had gone, no greater danger would menace his nation than the face of woman.

The Muslim fear of the feminine force has fostered the most barbaric and stultifying misogyny ever granted public acceptance, keeping the Arab woman in lifelong physical and psychological abuse. Her crime? The very fact of her allure. Man in the face of womanly seduction is helpless, proclaims the Koran, the Islamic Bible, a source of many proverbs attesting to man's weakness and woman's strength of will.

Unlike Orthodox Christianity, Islam does not consider recreational sex a sinful practice. Islam describes erotic pleasure as one of the primary attractions of life, and one of the delights of paradise after death. Arab women are positively sexual and show no hesitation in expressing desire for particular men, and in exercising erotic charms for the object of their intentions. The proper Arab woman excels in subtle allurements to attract her man toward marriage or, at the very least, toward sex. Feminine eroticism is a highly specialized tool. In a society where females are considered no more or less than common commodities, an Arab woman may have to compete with as many as four wives for her husband's favor.

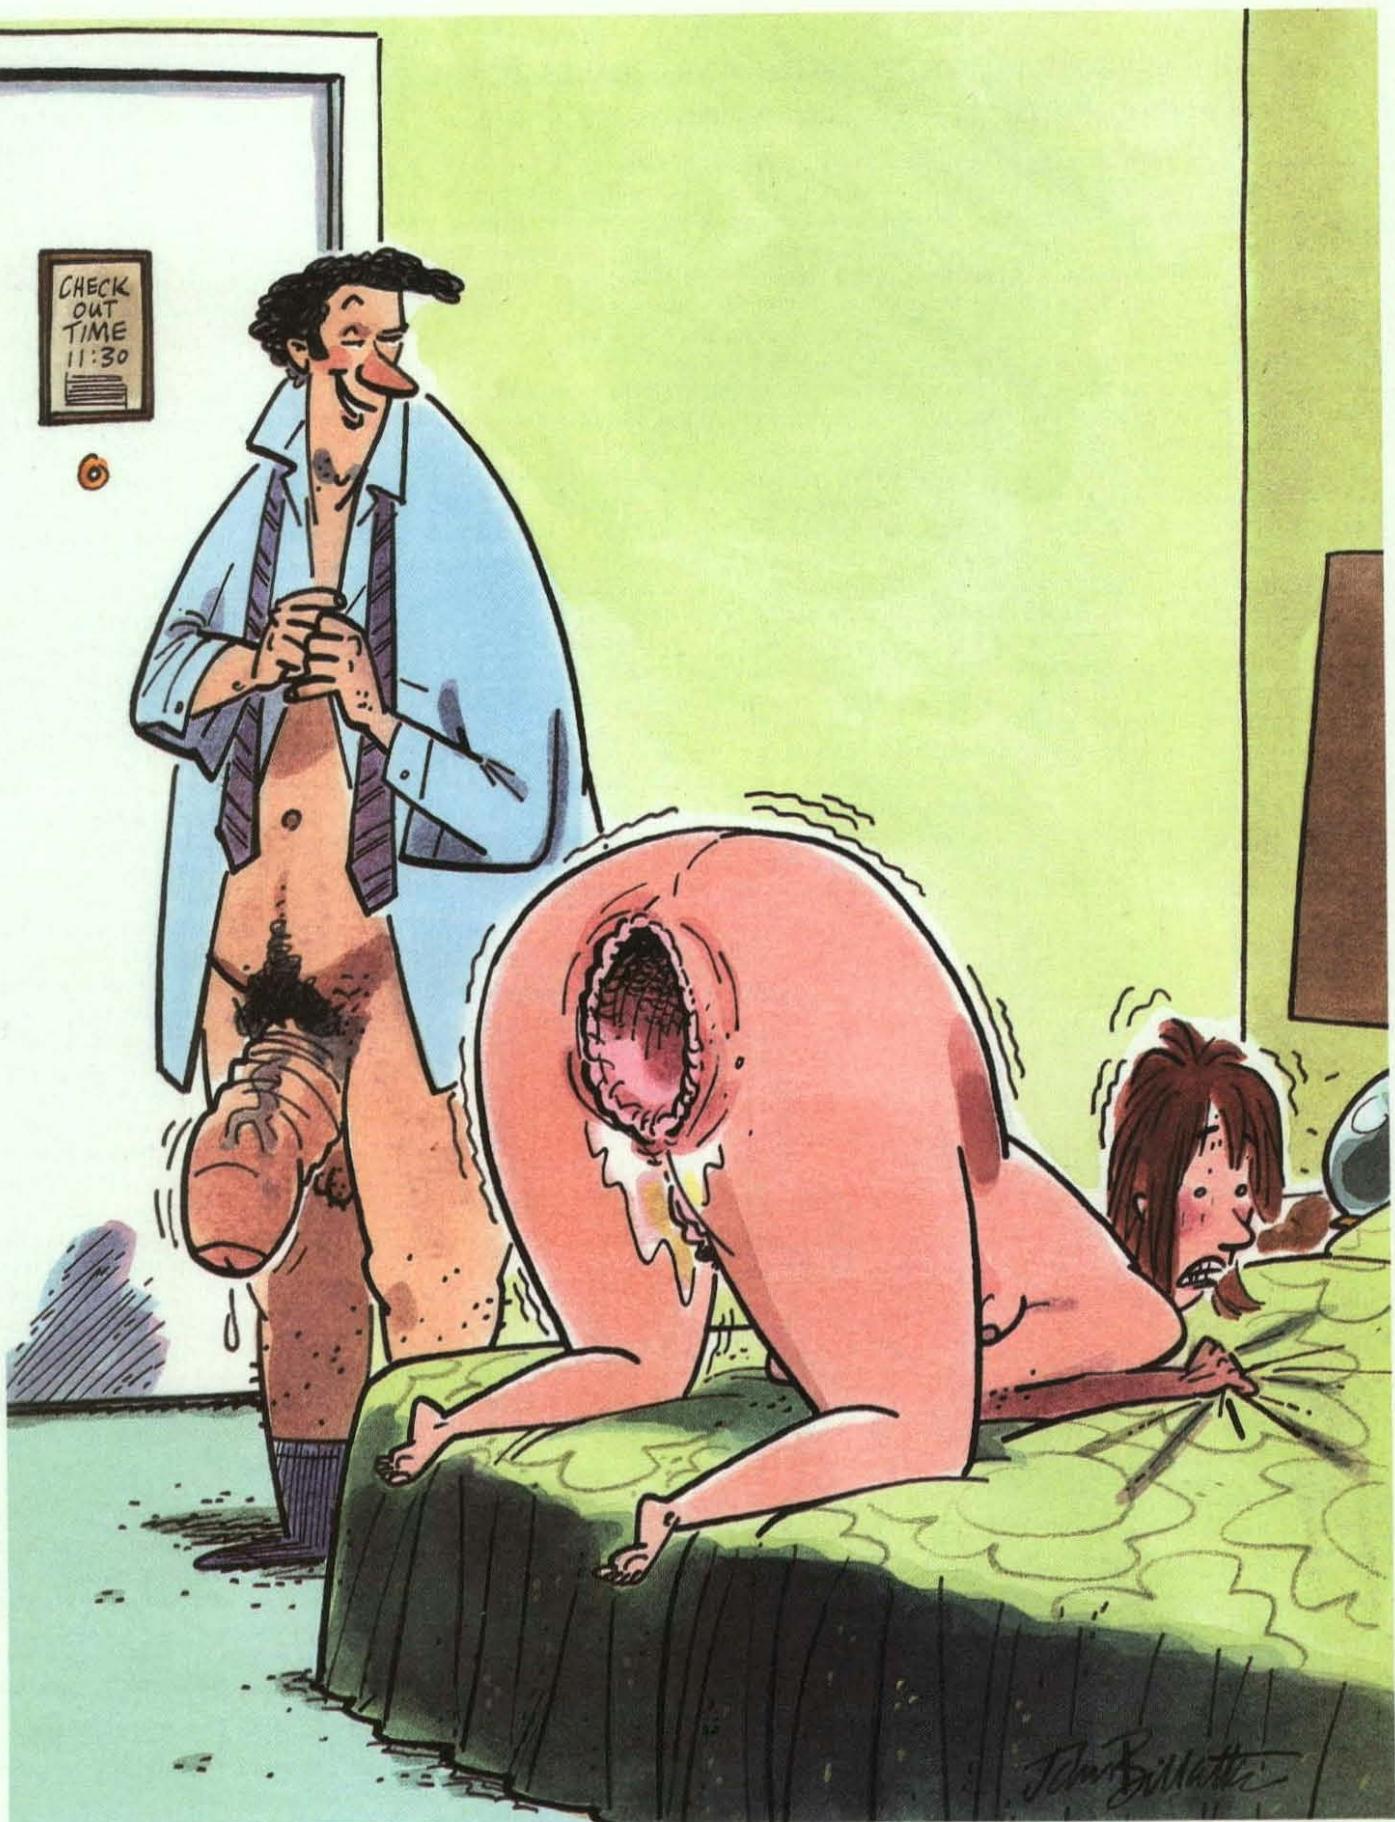

The Islamic religion considers man to be an unstable being; it is his nature to be promiscuous. He can satisfy his desire legally with as many wives as he can afford, and can divorce them by simply saying, in front of a single witness, "I divorce you" three times. The wife's duty is to satisfy her husband's sexual desire on demand, because when his cock is erect, he loses two-thirds of his reason and cannot think of Allah, science or knowledge. In effect, the Arab woman keeps the tenets of Islamic society from unraveling by relieving the male of his barbarously stupid hard-on.

Muslim philosophers believe that civilization is founded on the struggle against female powers and the need to control and suppress them, to protect the minds of men from becoming preoccupied to the detriment of duties toward Allah and society. "He who is accustomed to the thighs of women will never be the source of anything," states the eminent Arabian philosopher Ibrahim Eba Adham.

In Muslim Arabian society, everything connected with sexuality is subject to taboos. Yet no religion has so glorified romantic passion, sensuality and the joys of physical contact. The Islamic ethic is founded on life and poetry, on the legitimizing of desire and the complementary physical natures of men and women. Sexual love is a symbol of God's perfection. Allah is glorified at the door of pleasure, for the orgasm is a marvel that encourages awareness of God's efficiency. To have an

orgasm is to become worthy to read the book of creation.

But to succumb to sex—and not master it—will lead to what is called *fitna*—anarchy, crisis and disruption. So Islamic society isolates the woman in a constructed social prison in which she can do no harm. If she goes out in public, she must be covered so that no one will see her seductiveness, for seductiveness can lead to anarchy, uprisings and the total destruction of the established order of Allah.

Time has eroded tradition to the degree that rising poorer classes have produced women who don't wear veils and who work alongside men in the many factories. Still, even in modern-day Saudi Arabia, such women are treated like whores by the men in the streets, and some return home to find new wives in their places. Islam teaches that when the forces of change are unleashed, the destruction of society will be uncontrollable.

To rural Muslim families throughout the Middle East, the arrival of a daughter is perceived as an occasion for mourning. She is received in an atmosphere of barely

suppressed disappointment and is prepared from birth for a life of submission. In the Islamic families of the politically divisive states of Iraq, Iran, Jordan and Egypt, the social roles of their women are alike. A young woman is forever merely a sister, wife or mother, never a lover or friend. The genders never mix. When she marries, she is only of value if she has a male child.

Islamic women are taught from birth that they are to be protected from their own powers of seduction. After this brainwashing, they accept an operation so horrible that the official reasons for the practice of clitoridectomy are hidden to this day. The women of Islam never discuss this female amputation—they just do it.

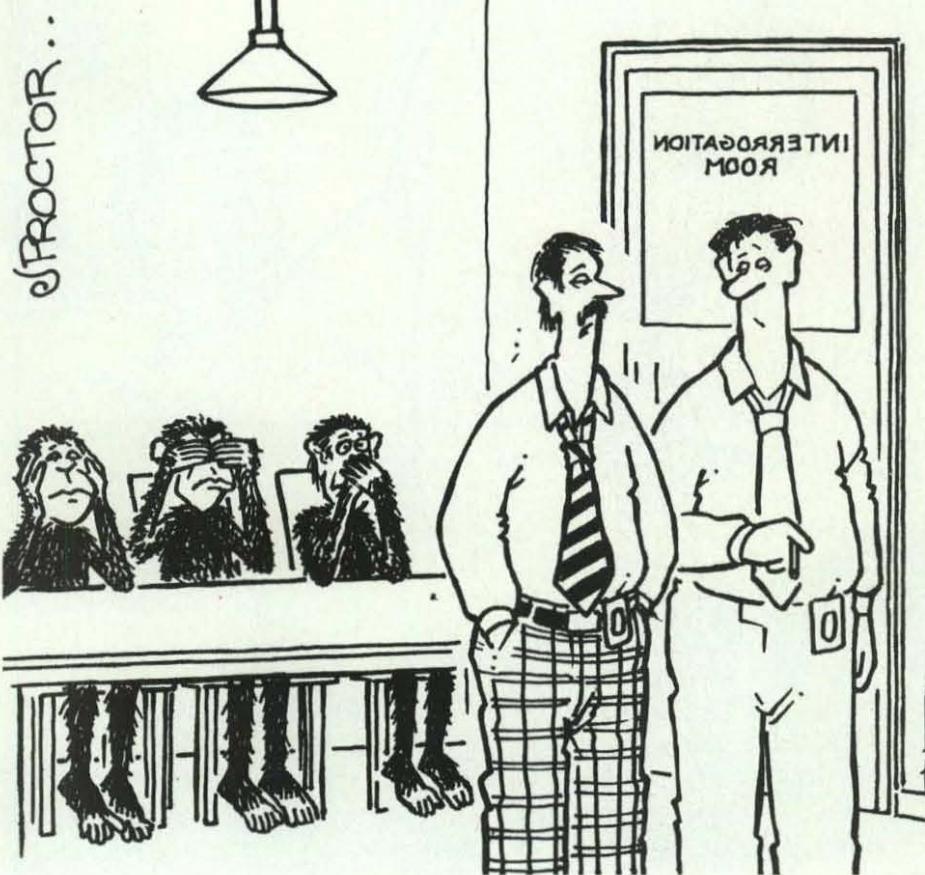

Mutilation of the vagina, a form of mind control, goes back to pharaonic Egypt, many years before Islam. The clitoris has no reason for being except to give women pleasure. It is an organ separating human experience from that of lower primates. Human beings experience sex for pleasure, as was biologically intended. The clit is cut off to butcher a woman's right to humanity, and for no other reason. Islamic expert

Nawal El Saadawi explains: "The circumcision of girls was not originally an Islamic custom, but was practiced in societies with widely varying religious backgrounds. Circumcision was known in Europe as late as the 19th century, as well as in countries like Egypt, the Sudan, Somaliland, Ethiopia, Kenya, Tanzania, Ghana, Guinea and Nigeria. It was also practiced in many Asian countries and in parts of Latin America. Herodotus mentioned it 700 years before the birth of Christ."

Saadawi herself suffered the barbaric ritual at the age of six in the Delta region north of Cairo. Just as she was falling asleep one night, a hand clasped over her mouth. She was dragged into a bathroom, laid on the cold floor, her legs pulled apart, and she felt a pain that was like a "searing flame that went through [her] whole body."

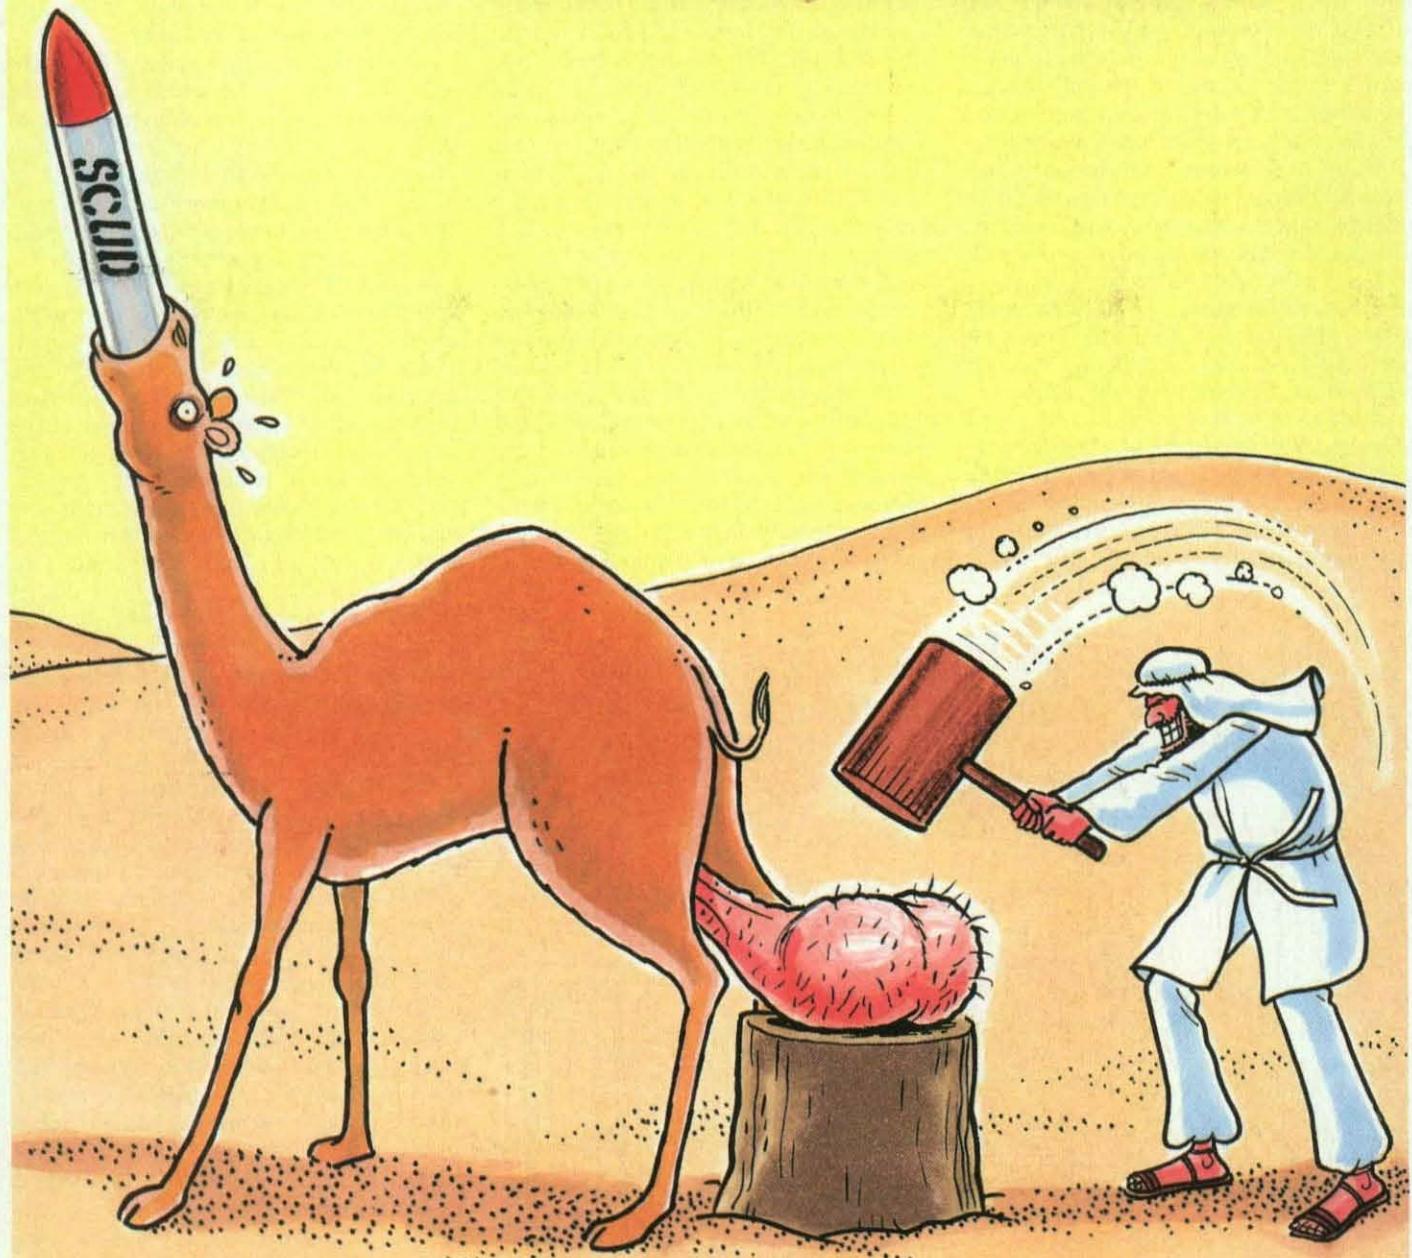

Cultural correspondent Wedad Zenie-Ziegler provides this technical description of female circumcision: "Female circumcision, or excision, is the removal, more or less complete, of the external female genitalia. There are three main forms of excision. The mildest and by far the least practiced, going under the name of Sunna, consists of the removal of the prepuce or the tip of the clitoris (sometimes both) by means of a sharp instrument (usually a razor blade). The form that is most widespread, excision (also known as clitoridectomy), consists of the removal of part or all of the clitoris and the labia minora. Often, the interior lining of the labia majora is also cut away. Any sharp instrument is used to carry out these operations. This ranges from a kitchen knife to a razor blade, by way of a pointed reed stalk, a nail or even a piece of glass. The third form, the most brutal as well as the most drastic, is infibulation. Apparently, this method was used by the Romans to prevent fornication among their slaves. It is also called pharaonic circumcision by the Sudanese, and Sudanese circumcision by the Egyptians. It consists of the removal of the entire clitoris, the labia minora and most of the labia majora. When the operation is over, the two vaginal sides are stitched together, and the vaginal orifice is reduced to the diameter of a pencil, allowing just enough room for the passage of urine or menstrual blood. Here again, all sorts of techniques are used (stitching with thorns, cauterizing by firebrand) to close the labia majora, which will then swell up, then sewing with thread with the aim of guaranteeing the almost total occlusion of the vulva until the wedding night, at which time the husband will undertake to open it. Afterward, it will be enlarged each time the woman gives birth and then sewn up again."

Sometimes the husband of such a muti-

lated woman needs the help of a woman called a *daya* to open up his wife. She most often uses her long fingernail to do it. The blood is usually profuse, and usually the wife becomes infected and does not go for treatment, unless she has a female doctor or is wealthy. There is enough pain to make any woman shy away from sexual activity of any kind and become a docile partner in the impassive sex act with her husband or anyone in their immediate families who chooses to have sex with her.

Many Arab women who have undergone female circumcision see it as a rite of passage toward a woman's sexual maturity. The practice ensures the fidelity of a wife to her husband. The clitoris must be removed, as the pursuit of pleasure could distract the wife from more important domestic duties. Sex must always be at the husband's instigation, never the wife's.

Arab men prefer virgins and go to obscene lengths to break cherries, but the modern inexperienced Arab girl has likely been had by most of the men in her family, from brothers to father, grandfather and any male servants or uncles. No matter

how knowing of inbred sexual matters the girl might be, she does not speak of it. The honor of her family, which has been carefully maintained for countless generations, is on the line.

When a young Islamic girl comes to marriage, the integrity of her entire family depends on the breaking of her hymen. This otherwise inconsequential bit of feminine anatomy is scrutinized so closely that the Institute of Forensic Medicine in Baghdad, Iraq, reports that 11.2% of Iraqi girls are born with an elastic hymen, 16.16% with so fine a membrane that it is easily torn, 31.32% with a thick elastic hymen, and only 41.32% with what may be considered a "normal" hymen. If on her wedding night this fine membrane does not bleed profusely, she is considered damaged goods. It must bleed enough to make a visible stain on the bed sheet, which is then displayed for all to view. A girl who does not preserve her virginity is liable to be punished with death, social castigation or divorce. Such a girl might be entirely innocent, as some hymens just don't bleed. In many villages, a *daya* is called in to help

with the process of defloration. The crones earn their livings by amputating the clitorises of children and tearing open the vaginas of young brides. The father of the bride can then proudly hold up his daughter's blood-stained towel and wave it above the heads of the collected relatives to bear happy witness to the honor of the family. Sometimes the *daya*, if the blood does not flow to her liking, will poke her fingernail into the vaginal wall to really get the red flowing. She is popular and always has a steady flow of customers, if she does a good job on such an occasion.

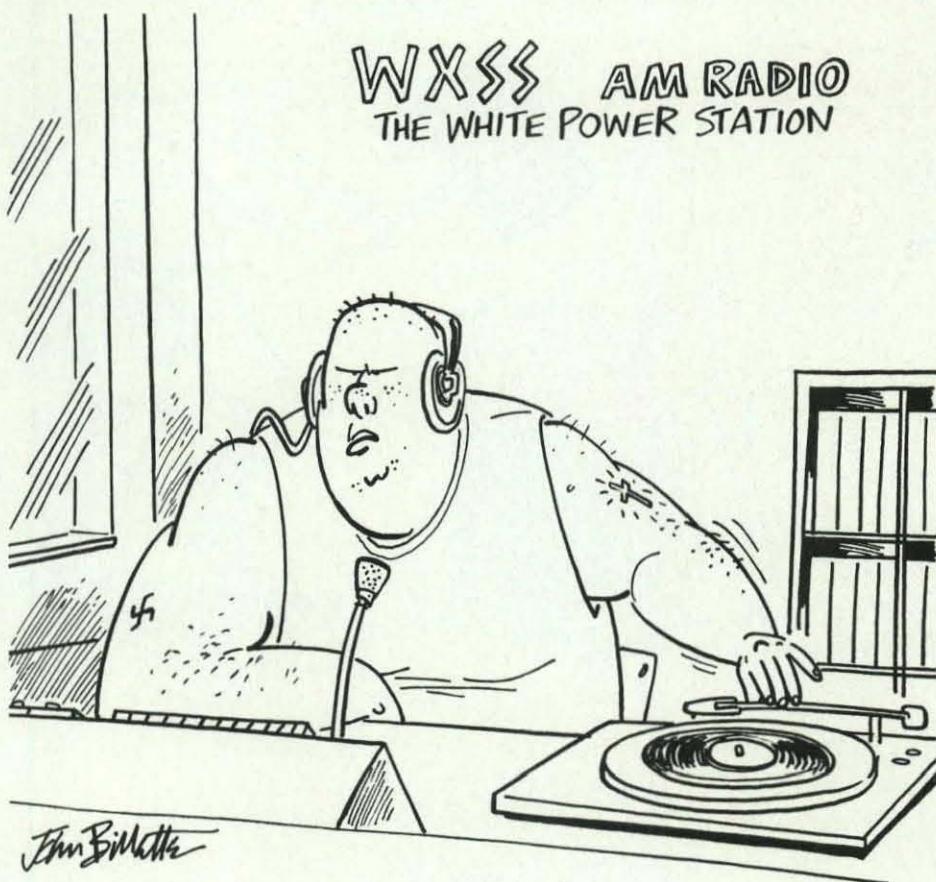

Unmarried daughters of the Egyptian rich who are not intact have visited plastic surgeons to repair broken hymens. Rural girls in Giza arrange for their wedding nights to be on their menstrual periods. If all else fails, a *daya* can fix up a bag of chicken's blood to put at the opening of the vagina to ensure a good, red flow.

Nawal El Saadawi tells of a story she encountered in an Islamic newspaper while a physician in a clinic in Benha, Egypt. Police had discovered the body of a young, pregnant girl. It was thought that she had been murdered to defend the honor of the family, which very often happens in such cases. However, when the body was dissected by a medical legal expert in the mortuary, his report showed that the girl had not actually been pregnant. The swelling detected in her belly was due to accumulated menstrual flow held back by a thick, unperforated hymen.

Every Muslim girl is taught from childhood to suppress her needs and desires and to live to satisfy the desires of others. When she becomes too old or ravaged to be considered sexually attractive, she is finally able to go out into the street without her husband. She may smoke, laugh and talk without being looked on as a whore.

The Middle East is undergoing a wave of unparalleled religious fanaticism that is as contradictory as it is contagious. There are those that call for the most severe punishments for the most inconsequential crimes. Religious and moral questions clash over the same double standard that has run through every aspect of Islamic culture since Mohammed's ancient *hejira* from Medina to Mecca.

Still, when an Arab man enters a home where there are women present, he mumbles a long string of holy names with pursed lips, ending with a phrase that in essence chases away evil spirits or devils, referring, of course, to the women of the house. The Arab woman stands encircled by a monstrous cycle of harassment and dehumanization, her scarred vagina a symbol of her most private humiliation. What justice can she know from a society that reveres her misfortune? ☺

An explosion in a Queens apartment Wednesday night may have averted a series of bombings planned by the Puerto Rican radical group known as the F.A.L.N., police officials said yesterday.

The blast led the police to the apartment at 26-49 96th Street, East Elmhurst, where they found 66 sticks of dynamite, more than 200 pounds of chemicals for making incendiary devices, blasting caps, smokeless and black powders and dummy letters bearing "the logo and the language of the F.A.L.N.," according to Deputy Chief Richard Nicastro, acting chief of detectives.

Chief Nicastro called the apartment a "bomb factory" for the group, which has claimed responsibility for dozens of bombings or fires since 1974.

Twelve years after a near-fatal explosion in Queens, twisted hunks of flesh hang at the end of his arms. He rubs his stumps together like a fly at rest.

On July 12, 1978, the residents of an East Harlem project at 1734 Madison Avenue were stunned by what they saw on the TV news. It wasn't some faraway atrocity that shocked their tightly knit family community. It was the news that, sometime around five o'clock that afternoon, one of their 28-year-old sons had been severely injured in an apartment in East Elmhurst, Queens, after his finishing touches on a pipe bomb accidentally blew the works.

The wounded man, William Guillermo Morales, was the son of respectable Puerto Rican parents. An A student throughout public school, he'd attended PS 121, PS 80 and Junior High School 45, where he was a medal-winning swimmer. As a teenager, he'd worked at summer programs teaching young kids how to read. As early as 13, he had gone to work at a factory to help his family out financially. Shy, measuring around 5-8 and looking a bit undernourished, he wasn't the type of young man Hollywood would cast as the infamous bombmaker and alleged leader of the Puerto Rican nationalist group FALN, the *Fuerzas Armadas de Liberación National*

(Armed Forces of National Liberation).

When Morales was arrested, the FBI was completely baffled. It was his first arrest. He was clean-cut. He worked and went to school. It seemed unlikely that he was the monster the *New York Post* would later call a "one-man campaign of death."

But William Morales was one of the many young Puerto Rican activists whose wish for political reform for their besieged homeland came from an educated—and brutal—radicalism. While at City College during the late 1960s studying international relations, he got caught up in the 1968-1969 student strike, which formed the basis of his political views.

"When I was involved in the school strike, I saw that talking wasn't doing anything. I got involved in Puerto Rican politics and discovered that the more you talked, the stronger your enemy was getting. I studied the nationalist movement worldwide. Then somebody I trusted very much asked me if I wanted to become part of this new organization, and I told him that I had to think about it. I did some soul-searching, and when we got together again,

I said, 'Yeah. I'm in.' " He was 20 years old and one step on the road of sacrifice and selfless devotion that would ultimately lead him to unconsciousness, endless pain, mutilation and, finally, eternal exile in far-away Cuba. He has been in Cuba since June 24, 1988.

"The nipple was open," explains the soft-spoken, Bronx-born New Yorker at the Hotel Presidente in Havana. He is known today as Guillermo Morales, who, at age 41, behaves exactly like the young man who months after his dismemberment was labeled by the Federal Bureau of Investigation "America's most dangerous terrorist," and who has eluded federal authorities to this day since his escape from Bellevue Hospital in 1979. "The pipe bomb was open on one side; so the whole blast escaped through that end. I blocked my face with my hands, and that's why I lost my hands. I could have lost my face completely. If the pipe bomb had been closed, I would have been dead."

Twelve years after that near-fatal explosion in Queens, twisted hunks of flesh, one resembling a golf putter, the other with two lone fingers, hang at the end of his arms. At times, he brings his skinny, handless stumps together and rubs them like a fly at rest. A single finger pauses on his chin as he speaks, remembering the fateful day more than a decade ago: "I was unconscious. When I woke up, I tried to grab the floor and couldn't. I knew that I didn't have any hands. Then I went to the bathroom and saw my face. My jaw was open. I had lost some teeth at the bottom." He shrugs. "What could I do? I started grabbing communiqués about the movement [the FALN] and started flushing them down the toilet. Then some firemen came. I gave them my name and address. At that moment, I wasn't thinking about myself. I was thinking about the movement."

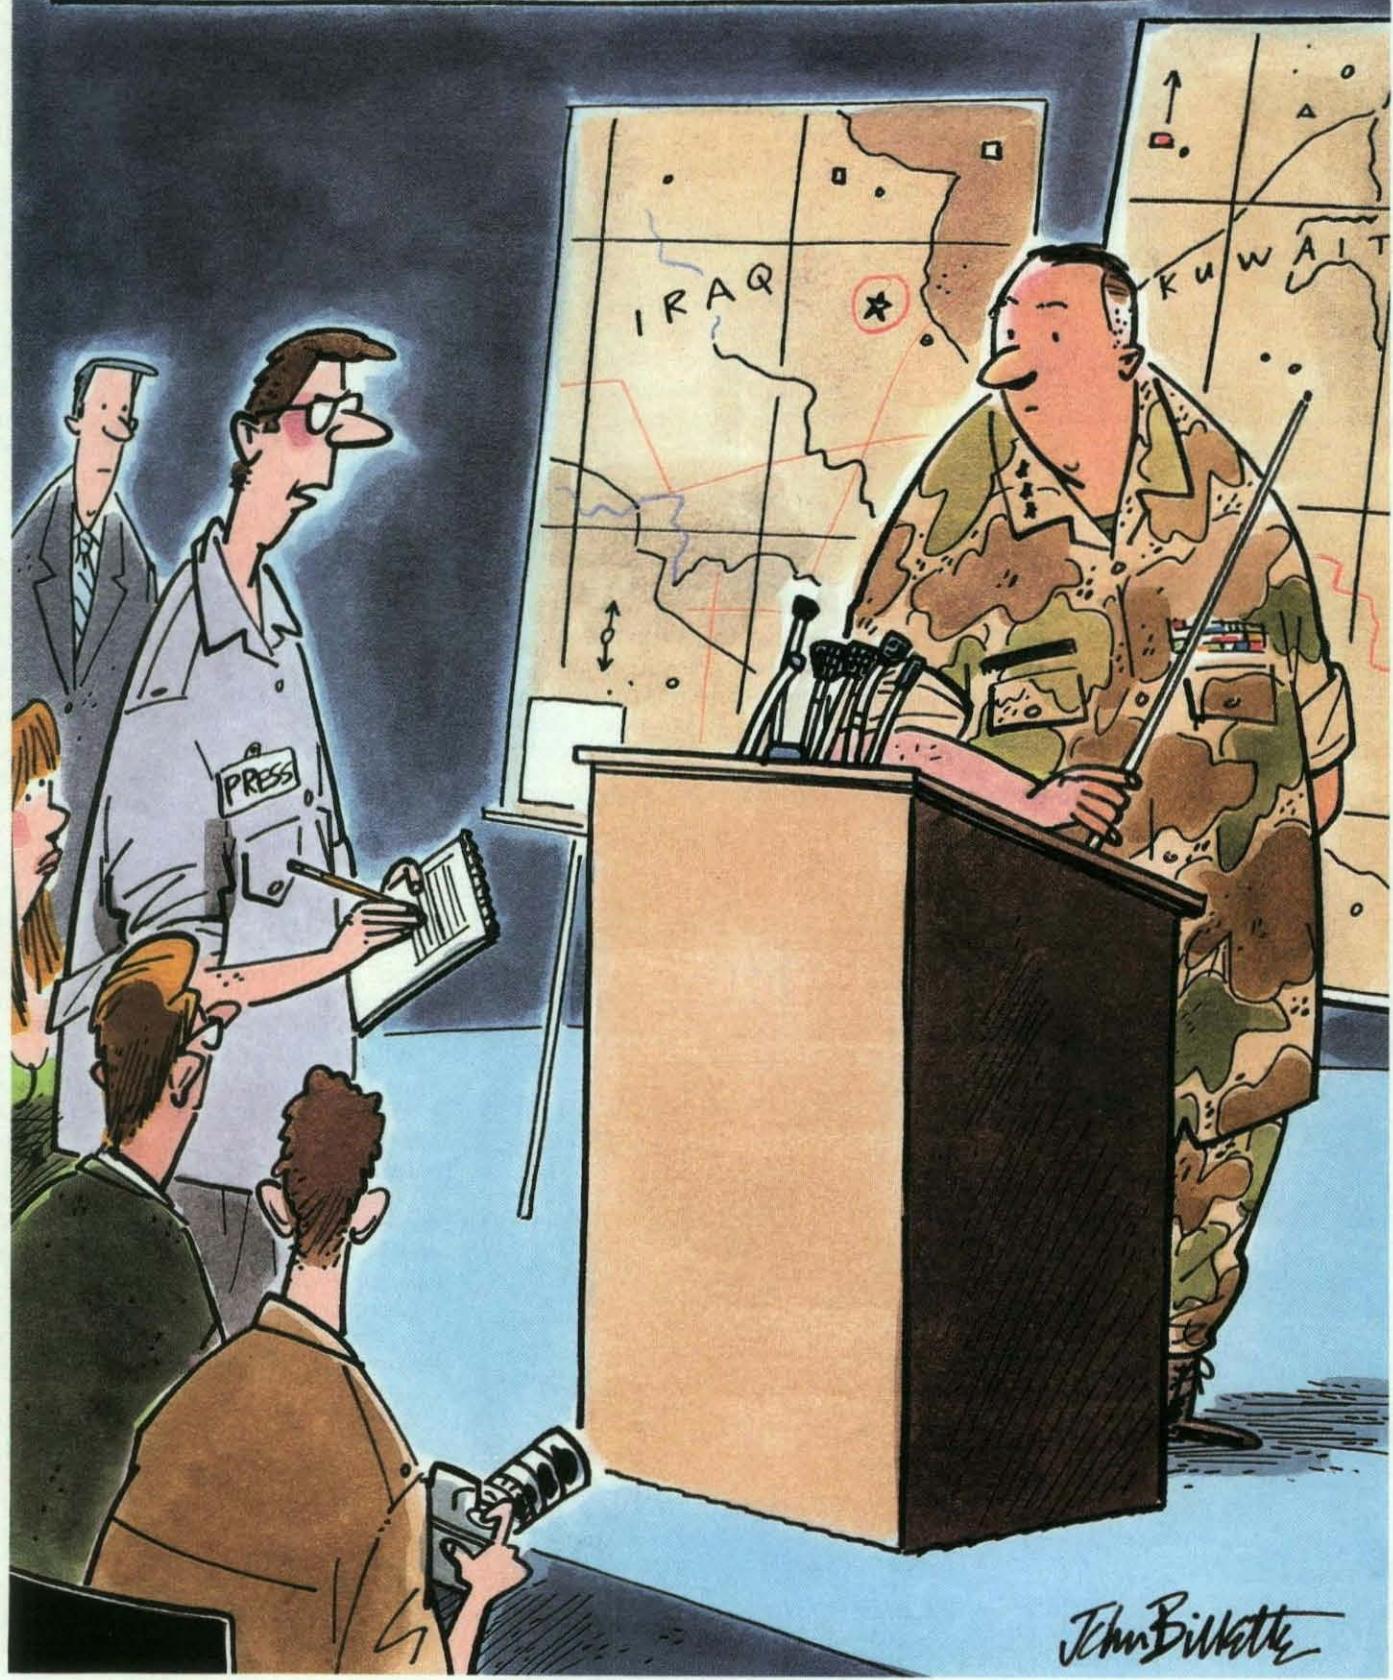

When the New York Police Department detectives came into his apartment, they found large chunks of his hands, but instead of turning them over to the hospital, they gave them to the FBI for a fingerprint check. "They put pieces of my hand in formaldehyde," says Morales with resignation. "These were big chunks, pieces the hospital could have used to reconstruct my hands. They ruined me on purpose. I was treated badly at the hospital. The doctor grabbed me by the hair and slammed my head on the table. They tried to force a tube down my mouth for breathing, but I was choking on all the blood that was running out of my mouth. I told them I needed an injection for the pain. I could feel the pain when they cut my throat to force their tube inside."

A high price to pay for any political cause, but the FALN fought the law not for

personal gain, but for the return of the Puerto Rican heritage to the people of that nation. Because of a media blackout against the struggle for Puerto Rican independence, most Americans are not aware that Puerto Ricans have struggled for liberation since July 25, 1898, the year that the United States obtained Puerto Rico from Spain after the Spanish-American War. Fourteen nationalists are serving life sentences in maximum-security prisons such as Lewisburg, Oklahoma, Pleasonton, Talledaga, Joliet, Lompac and Marion for mere membership in the FALN. As early as 1960, a memorandum from FBI director J. Edgar Hoover urged that "more positive effort must be made not only to curtail but to disrupt the activities of Puerto Rican nationalists." Warned William Webster, the ex-director of the FBI, during the Senate hearings confirming his appointment to the CIA in 1987: "Puerto Ricans constitute the Achilles tendon of the United States.... The only organization we have never been able to finish off has been the FALN." The U.S. is the only nation in the world that claims there are no prisoners in its jails for

politically motivated reasons, and its populace, for the most part, seems to believe that. If a prisoner of war is defined as a person who is arrested for conspiring to overthrow the government, then Puerto Rican nationalists deserve to be called political prisoners as rightly as do members of the Irish Republican Army, the Palestinian Liberation Organization or the African National Congress. One person's terrorist is another person's freedom fighter, as the saying goes.

At Elmhurst General Hospital, where he was admitted under heavy guard immediately following the pipe-bomb explosion and his arrest, Morales renewed his acquaintance with Susan Tipograph, a New York attorney who describes herself as a lesbian, an activist and a socialist. In 1977, Tipograph assisted the lawyers who represented a number of people who had been subpoenaed to a federal grand jury investigating the FALN. Two of the people she was representing were members of a national commission on Hispanic affairs. Morales had been an associate of the commission since 1975. Tipograph interviewed

him about FBI harassment of the group.

When she went to see Morales at Elmhurst General, Tipograph didn't place the name. "There I was, a few blocks away, using a friend's law library, and in came a woman named Dylcia Pagan, followed by some FBI agents who had jumped in a cab with her, saying that these men told her that her husband had been in an explosion and was under arrest. I was the only lawyer around who could go with her to Queens. So I went."

It took hours before Tipograph was allowed to view the patient. "I had to get authorization from 12 police precincts in Queens. They sent me running here and there. And then when I finally went up to his room, the hallways at the hospital were lined with riot-clad police with automatic weapons. Before I went in, I was asked by countless cops whether I really wanted to see him or not, because they said he looked disgusting. They were trying to convince me not to get involved."

Several police officers surrounded Morales. Tipograph demanded, as his attorney, that they leave the room. "I saw him within 12 hours of the explosion," she states. "His face was two to three times the size of what it normally was." The government's interest in pursuing criminal charges against Morales was so intense that proper medical treatment was not a consideration. "He had an eye problem as a result of the explosion. We had to sue to get him medical treatment," says Tipograph. "That's how we got him to Bellevue Hospital. He had a traumatic cataract, which, left untreated, would have resulted in a total loss of vision in his left eye. Surgery was performed at Bellevue by a private doctor that we obtained through the services of Bellevue. His vision was saved by lawsuits."

When Morales was hurt, his mother went door-to-door asking neighbors for money to defray her son's medical costs. Most of the women in the barrio contributed, and that is something Morales remembers fondly. "My mother's friends held prayer vigils, prayed the rosary and lit candles so that I would be all right. I guess that worked on my side. The media had a field day showing me injured. It was their way of letting the Puerto Rican community know that this is what would happen to their revolutionaries."

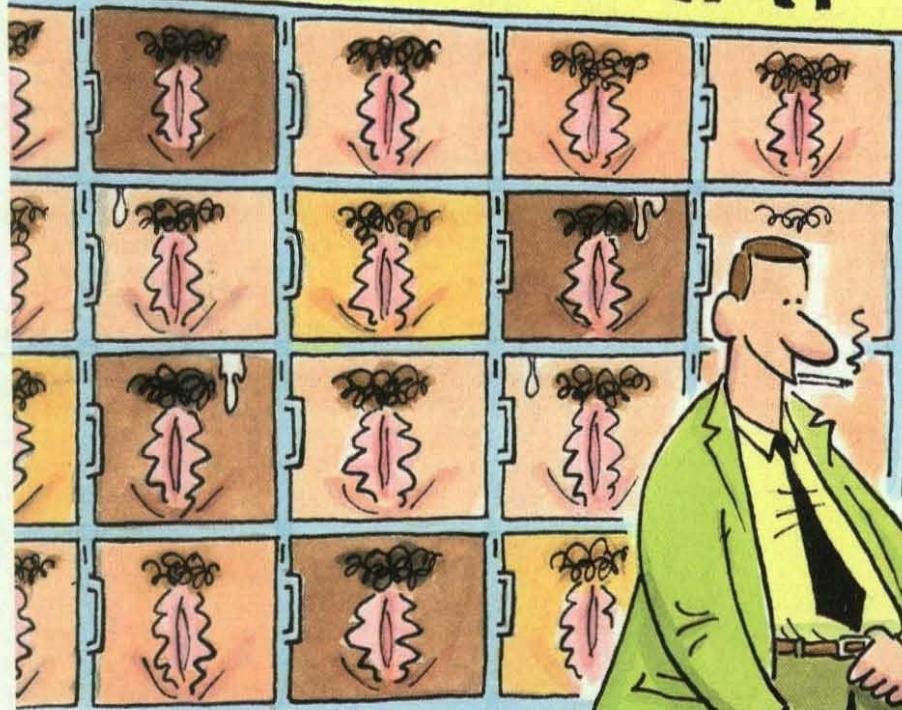

Two days after being treated at Elmhurst, Morales was arraigned on a criminal-court complaint. It was a sickbed proceeding. He couldn't speak at that point. When asked if he were guilty, he spelled out no in the air with his foot.

Since his school days, Morales had been an ardent admirer of the Puerto Rican nationalists Lolita Lebron, Rafael Miranda, Irving Flores, Andres Figueira Cordero

and Oscar Corlazo, who were arrested on November 1, 1954, after their armed attack on the House of Representatives resulted in five congressmen wounded in gunfire from the gallery. Their desperate objective was to assassinate President Harry Truman to protest the colonization of Puerto Rico. They were pardoned in 1979 by President James Earl Carter. Morales saw his political stance as an outgrowth of that violent history, and assumed the role of political prisoner, not public defendant. Morales and Tipograph's only involvement in the legal proceedings was to protect his medical rights. They never actually participated in the trials themselves.

He was tried in federal court first for five federal charges involving possession of explosives and weaponry (including 66 sticks of dynamite, 200 pounds of incendiary chemicals, two carbines and a sawed-off shotgun). Without ever being present in the court of law, he was convicted and sentenced to ten years in prison. Subsequently, he was transferred to state custody and tried in Queens on state charges involving explosives and reckless endangerment.

Unlike the federal court where he was not required to appear and could remain ensconced in a back room, the state court insisted that he appear. Morales was sentenced to 29 to 89 years in prison.

He received further medical treatment at King's County Hospital and Rikers Island Hospital, and then finally arrived at Bellevue, his legs cuffed to a wheelchair, surrounded by 25 police officers bearing automatic weapons.

Tipograph remembers the scene: "It was pathetic. Here's a man with no hands, chained to a wheelchair, and police are surrounding him like the surrender of the German army." She twists the stub of her cigarette in an ashtray. "I guess Bellevue is where he showed them."

The *New York Times*, on May 22, 1979, carried this report: "William Morales, a reputed Puerto Rican terrorist who lost most of both hands in an explosion, escaped from a prison ward at Bellevue Hospital yesterday, apparently by using an elastic bandage as a makeshift rope to climb down from a 40-foot-high window.

"Mr. Morales, who is 31 years old, was

sentenced last month to 29 to 89 years in prison for possession of explosives and other offenses. At his sentencing, he exclaimed in court: 'They're not going to hold me forever....'

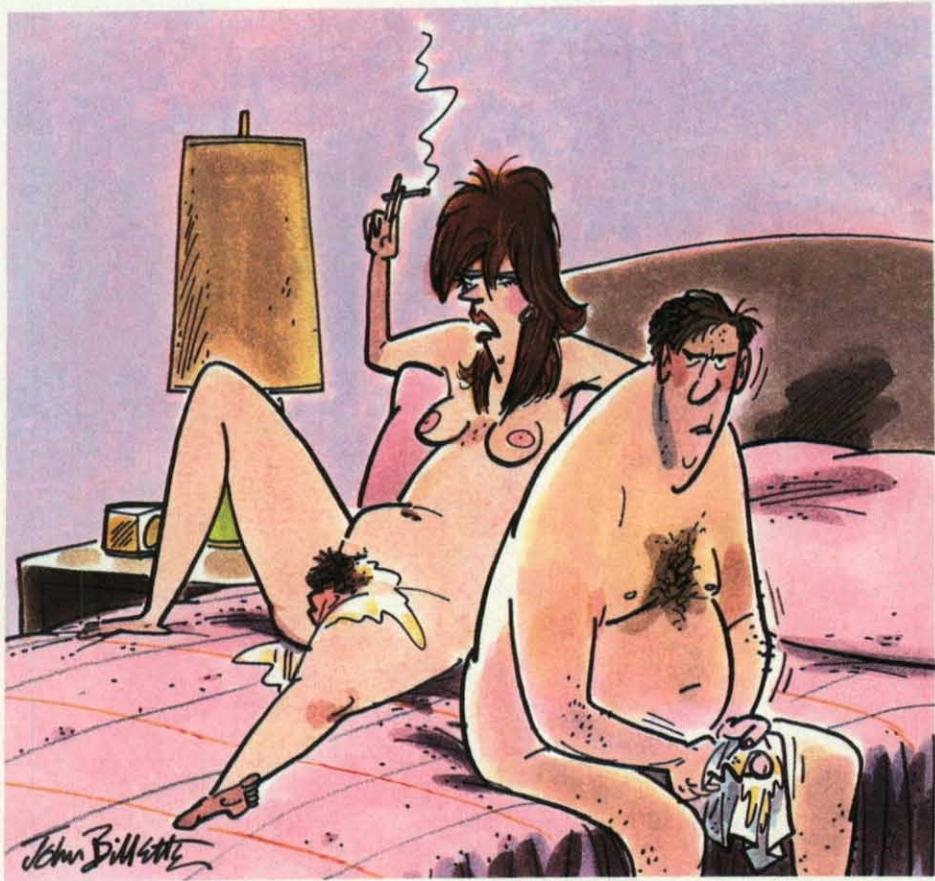

"I remember watching people on the subway reading about his escape as if it were an adventure story," says Tipograph. "You could see grins of satisfaction on the faces of Puerto Ricans and African Americans. It's embarrassing for the FBI and the NYPD to have headlines on the front pages of the *New York Post* and *Daily News* that blare: 'Handless Man Escapes From Jail.' "

Many years and thousands of miles away from his unbelievable coup, Morales rubs his stubs against the armrest of his chair and shrugs. "They [the police] expected something else, and we [the FALN] had to do something very quietly and very well planned. They were expecting some sort of armed attack. They reinforced themselves on the inside, but not on the outside. In the prison system, there is a lot of strife among the guards. We took advantage of the fact that the Latin guards didn't get along with the white guards, that the white guards didn't get along with the black guards. It took four months of planning. My friends were waiting outside. I walked freely from the building early that morning, walked down First Avenue, got into a car and went away. I've never been back since."

The FBI launched one of the biggest manhunts in history to find Morales. He still delights in detailing how he could not be caught. "I circled the nation. I kept out of sight by staying ahead of everybody. I never stayed in one place too long. When I made it to Mexico, I once strolled by the American Embassy and the federal police. A person becomes invisible by being visible." He credits his years of successful hiding and eventual political asylum in Cuba to the Puerto Rican independence movement, which, he stresses, is a lot stronger than the U.S. media would care to admit.

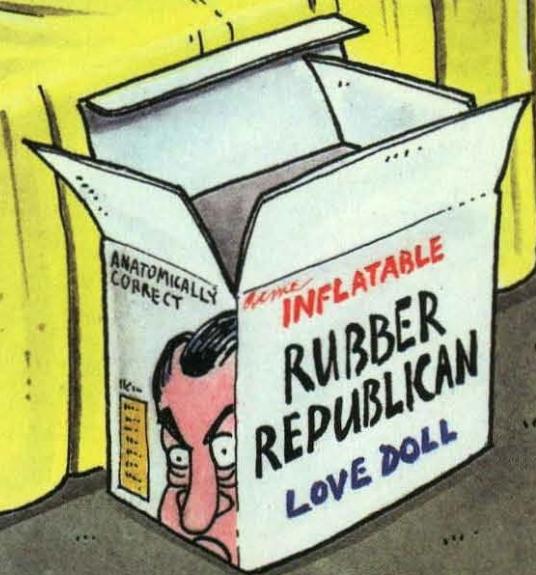

He credits Raul Gomez Treto, an official of Cuba's Ministry of Justice, with helping him obtain Cuban political asylum—thus avoiding extradition to the United States from Mexico. For, in Mexico, on May 26, 1983, Morales was discovered and ambushed by police and stood by as his bodyguard, Adelaido Villapando Contreras, shot it out. Contreras killed a Mexican police officer before dying himself in the battle. Morales served only five years for his role as an accessory to murder. And while United States authorities made plans for his extraction, Treto snuck Morales out of the country on June 24, 1988—an action that so angered the U.S. that it recalled its ambassador.

Naomi: Cuban Slide

Twenty-year-old Naomi came to Miami, Florida, when she was ten years old. Slicked-back hair is the masculine trait that gets her throbbing. "That's what I remember best about Cuba," she says, slipping into her hot, clean cama.

HUSTLER HUMOR

After buying some cheap muscatel, three winos huddled under a bridge for the night and started drinking. Several hours later, they all passed out. When morning came, two of the winos woke up to find their pal had died in his sleep.

At the funeral home, the two surviving friends stood by the coffin of their departed buddy. "Boy," remarked one, "Ralph sure looks bad, don't he?"

"Well, shit, he should," replied the other. "He ain't had a drink in a couple of days!"

A black man who was wanted by the Tennessee authorities had been photographed in six different positions, and the photos had been promptly circulated across the state.

A few days later, a teletype from the sheriff of a very small town came in. It read as follows: I duly received the pictures of the six wanted felons whose capture is desired. I have arrested five of them, and the sixth is now under observation and will soon be apprehended.

The HUSTLER Dictionary defines *gynecologist* as: a crack investigator.

After 24 years of marriage, the biker's old lady hauled his ass into divorce court. When the judge asked why she was seeking a divorce, she replied, "The worthless son of a bitch hasn't spoken to me since our wedding, Your Honor."

The surprised judge turned to the biker and asked, "Is that true? You haven't spoken to your wife in 24 years?"

"Yeah, that's right, Judge," replied the biker. "I didn't want to interrupt her."

Two voters were in complete disagreement about Dan Quayle's intellectual capabilities. Finally, the pro-Quayle voter said, "He may not be awfully smart, but at least he speaks his mind!"

"That's true," shot back the other, "and that's why he's known as a man of very few words!"

Big John bought his son a pet parrot. Junior loved the parrot so much that he was spending more time with it than with his friends.

Junior came home one day and found his bird lying on the bottom of the cage with its legs in the air.

With tears streaming down his face, Junior looked at his father and wailed, "What are we going to do?"

Devastated by the look of grief on his son's face, Big John said, "Don't worry, Junior, we're gonna have the best parrot funeral this town has ever seen. We're gonna build a little parrot coffin, invite all your friends to a week-long viewing, serve ice cream and cake, chips and dip, candy and soda and anything else you want."

Just then the parrot jumped up, flew around the cage, hopped up on its perch and started singing. Totally taken by surprise, Big John exclaimed, "Holy shit! What do you think about that?"

Junior considered for a moment and replied, "Fuck it; let's kill it."

Question: What three words do you not want to hear while you're making love?

Answer: Honey, I'm home!

Three hermits inhabiting a cave rarely ever spoke. One day a horse wandered into their abode.

More than a year later, one of the hermits remarked, "That was a fine-looking brown horse."

After another year passed, the second hermit said, "It was white, not brown."

Two years later, the third hermit piped up, "If there's going to be this constant arguing, I'm leaving!"

Question: Why do Iraqi tanks have rearview mirrors?

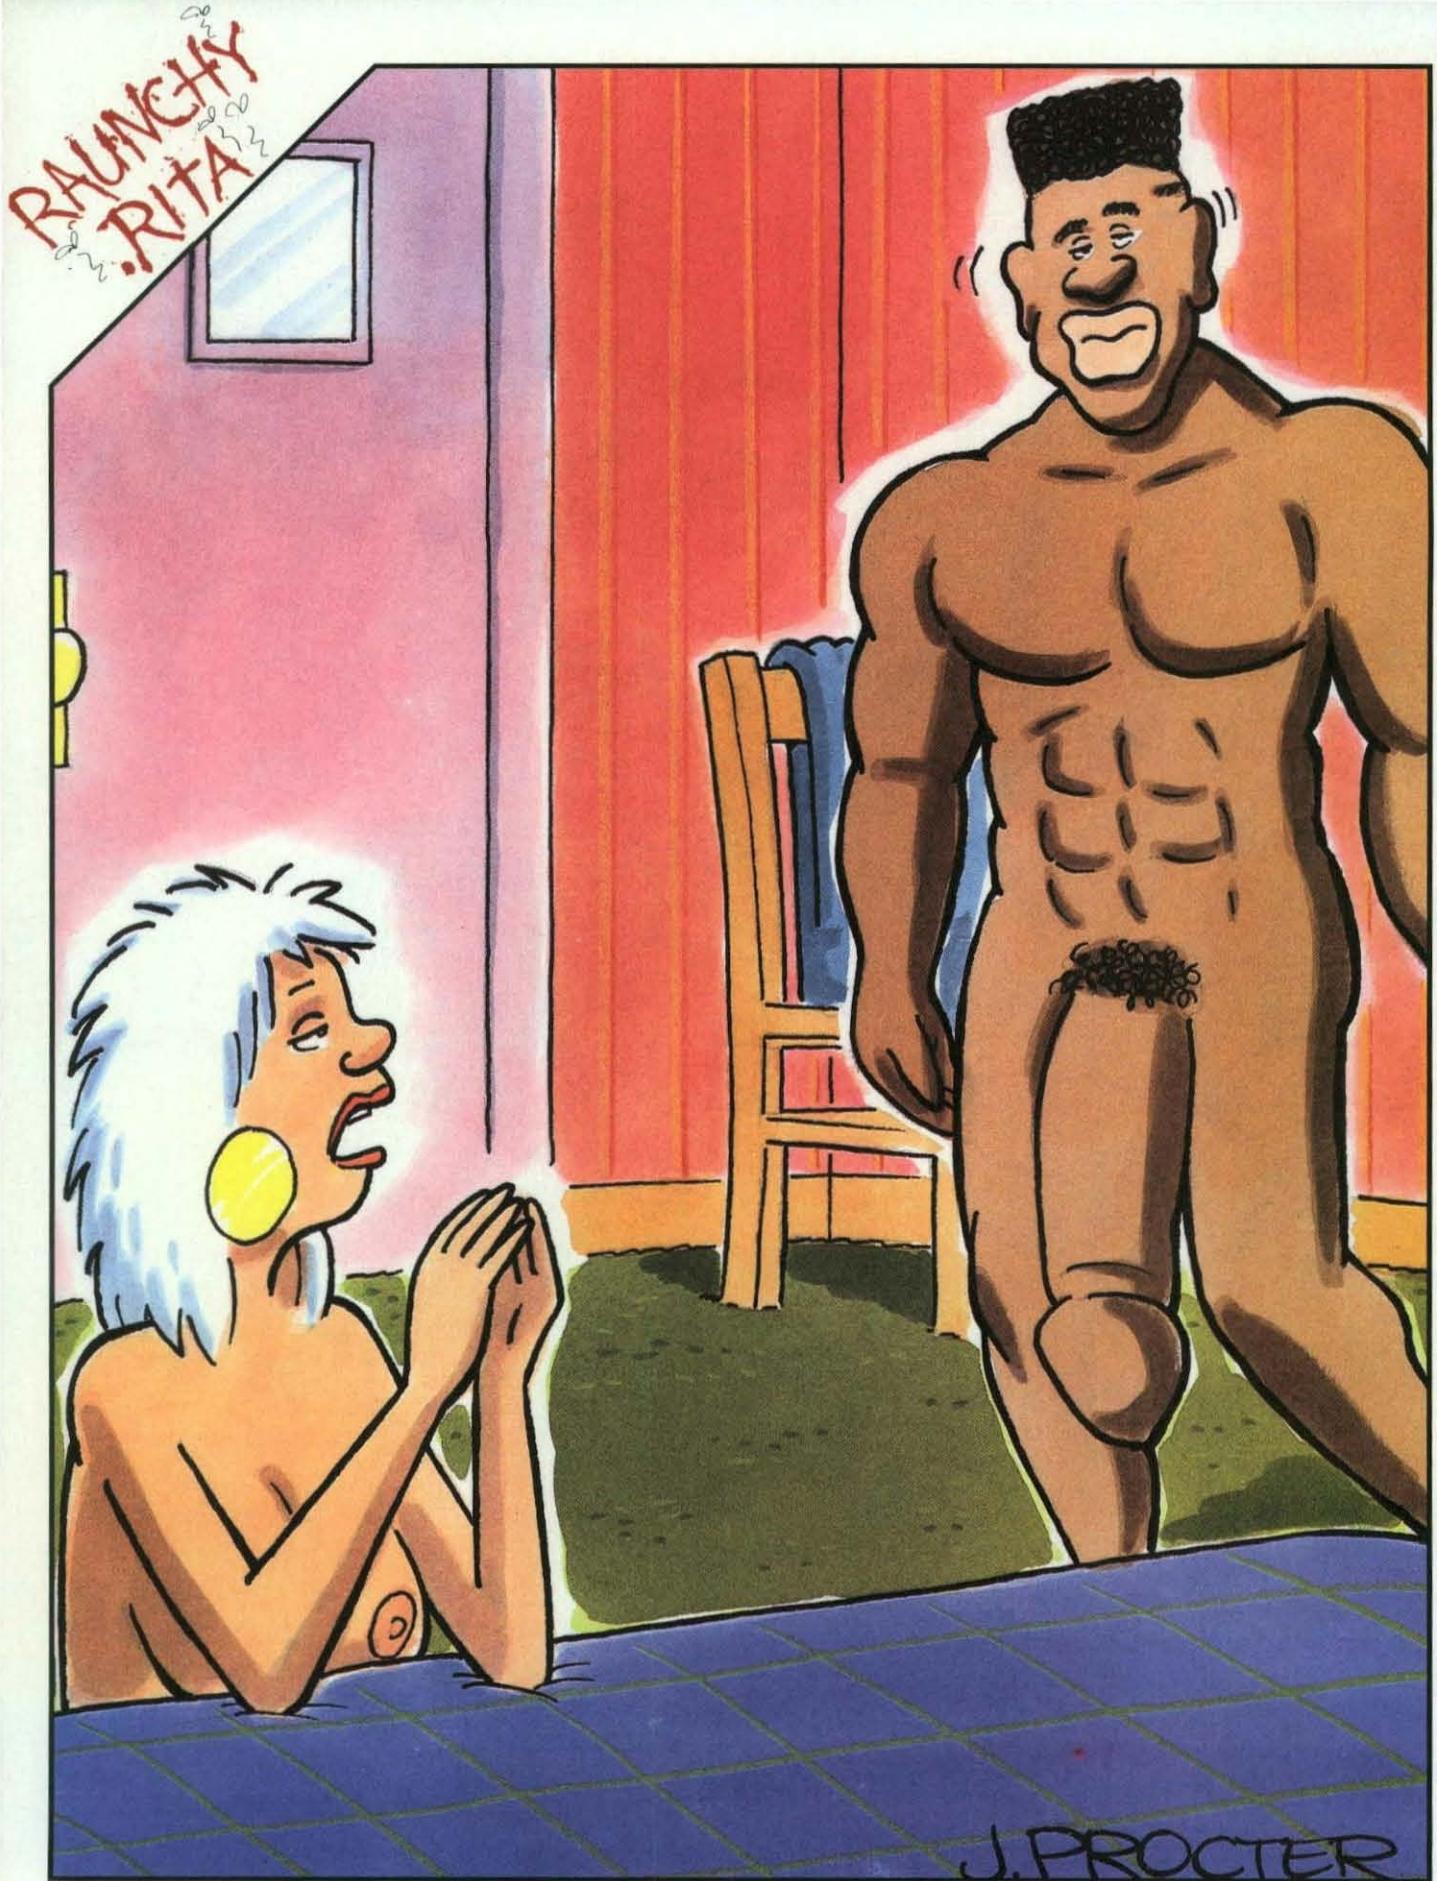

Answer: So they can keep an eye on the battle.

Three buddies were chugging a few pitchers at the local saloon and soon started bragging about their virility. Bob puffed out his chest and proudly announced that he had 12 little rugrats. Not to be outdone, Mike loudly boasted that he had 14 in his brood.

Mark, the third guy, said nothing until after some prodding, when he sheepishly admitted that he only had two kids himself. His buddies started laughing their asses off and cracking wise about his manhood. "Just two?" Mike sneered. "Shit, bro, what the hell's your problem?"

Mark took another drink and said, "Well, hell, my old lady's fat, dumb and ugly—and I'm the only one around who'll fuck her."

REALLY Shitty Lookin' Girls

GOOD GIRLS VS.

A HANDBOOK FOR THE DISCERNING PENIS • GUIDE BY

IN A SIMPLER ERA, the distinction was cut and dried: Bad girls put out snatch, and good girls stopped shy of a handjob. Good girls were of no concern. Times change.

Today, even good girls indulge in horizontal delights. In fact, no self-regarding girl considers herself truly "good" until she has drenched her Marimekko down comforter in a G-spot geyser.

The male is confused. He has trouble distinguishing Madonna from whore. The rewards and hazards of the opposing lady-types are unclear to him. He needs help. Boudoir angel or bed devil? Which will best suit his needs and abilities?

HOW'S THE SEX?: A cock is a sightless, deaf entity, relying on tactile sensations alone for its impressions of the current environment. If the surroundings are dripping, warm and gripping, the penis demands no further knowledge of the universe. Good chick, bad chick—qualitative labels mean nothing to an immersed dick, and it's a good thing they don't.

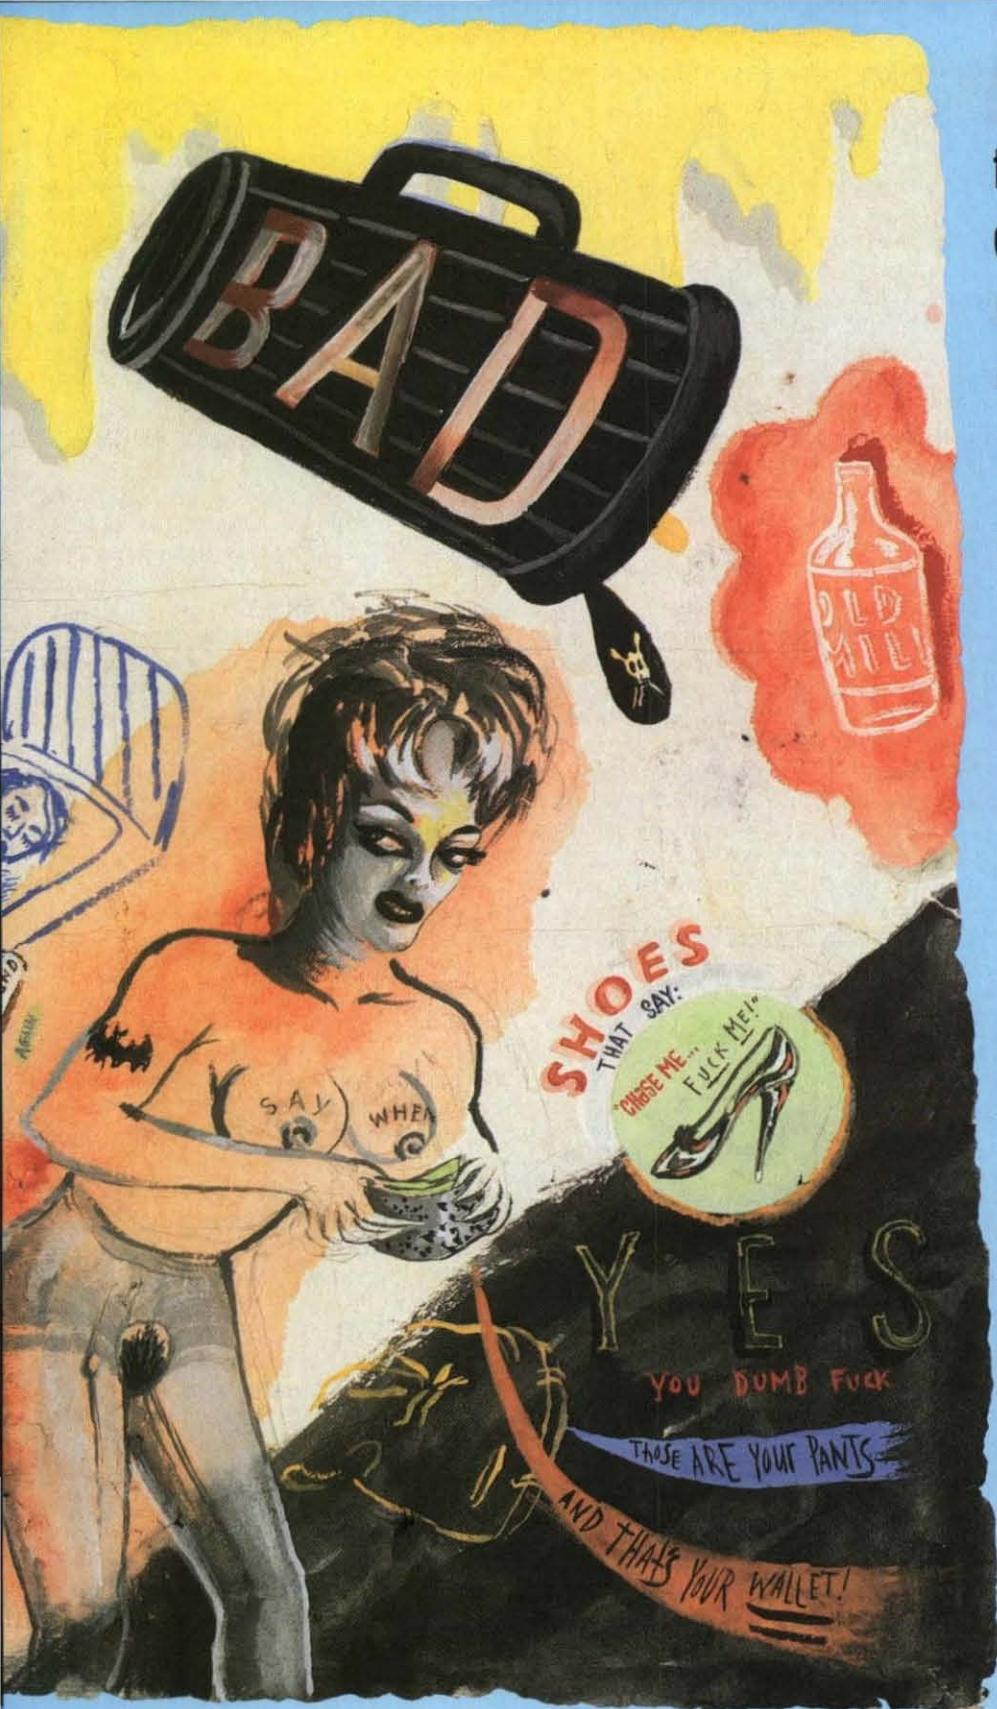

But what of the shaggy male head that remains above the covers, staring down into the soul of the panting, belly-rippling she-ride bouncing on the box-spring trampoline beneath him? Surely, at some moment between stroke and thrust, the male asks himself: *Is she moral, immoral, amoral perhaps?* Actually, he would be more likely to be considering equations of quantum physics. He is, after all, fucking the broad. He knows already if she's being good or if she's being bad.

The Good Girl Fuck: Good girls believe in romance, silk sheets and lingering soul-to-soul kisses in an ambience of warm shadows. Good girls also believe in mixing aerobics with every physical aspect of their lives; thorough cross-training is recommended before jumping to the four-poster mat with one of these ebullient, good-health squeezes. Sex with a good girl is clean, fresh and fun.

The Bad Girl Fuck: While the good girl is all wrapped up in satin and Victoria's Secret, the bad girl is revealed in homemade crotchless pantyhose. Her bedside table is more likely to contain a string of anal beads than a selection of condoms. The good girl prides herself on wearing pearls; the bad girl will defiantly lie still for the application of a string of pearls. Bad-girl sex is dirty, rotted and vicious.

OUTWARD APPEARANCE: Is she tantalizingly wholesome? Take a look.

Good Girl Style: Watch for nonchalantly

BAD GIRLS

GOOD VS. BAD GIRLS

The good girl prides herself on wearing pearls; the bad girl will lie still for the application of a string of pearls. Bad-girl sex is dirty.

perfect posture clad in conservative, sensible, fully functional attire. She may show fine-honed calves, a hint of fondle-bait thigh, with a straining bodice in front and a muted voluptuousness holding up her rear, but a good girl knows that her best asset is always her smile. Don't be put off by her display of expertly executed and maintained orthodontia. In the proper circumstances, she bites.

Bad Girl Style: The cocked-hip strumpet can be spotted a mile away, and she likes it that way. Conspicuous even in a crowd of her garish, siren-sexed ilk, the bad girl exudes a pheromone-rich aura of sensual notoriety. The same neon lipstick blazoned across her pouty, sneering mouth scrawls her attributes in every men's-room stall she visits. Her hair is always in some state of disarray, as if she has just gotten out of bed but has not slept in a week. A bad girl knows that her most fetching asset is her six-inch stiletto heels. That's why she seldom showers; she'd have to take the shoes off.

THE PUSSY HAS PERKS: There's more to a girl than just sex. For instance, she might also have her own car. Some women, good and bad, offer so much be-

yond their whirlpool of passion flesh that the male is drawn back to visit again and again, sometimes up to three and four times.

Good Girl Bonuses: Aside from the obvious comforts of hygienic linen and a functioning dishwasher, the good girl has been steadily employed since graduation from finishing school and is fully self-supporting through a family trust fund. Her refrigerator always contains food, much of which she is willing to have the maid prepare at three in the morning. The good girl's family tree is laden with ripe, juicy business contacts, dangling just within reach of the entrepreneurial sport willing to make the stretch from good-time fling to serious thing.

Bad Girl Bonuses: Though the bad girl is privately cleaner than her public persona might indicate, she is neither so fussy nor so filthy that any of her close men friends would hesitate to wipe his dick on her pillowcase. The bad girl generally has enough alimony to preclude charging rent upon her dick dwelling. Bad girls are also known to receive regular bundles of money from home, stay-out-of-town checks. The bad girl's refrigerator, though it might be unplugged,

always contains alcoholic beverages, at the very least a half-finished quart of beer.

CHOOSING A RIDE: Deciding between a good girl and a bad girl is a little like shopping for a new automobile. When faced with the choice between a Rolls-Royce and a Lamborghini, most men would opt for a two-car garage. Women, however, are not so snugly housed side by side. Generally concentration upon a single type must be made. Before beginning his selection process, the smart shopper will take a look at himself, at what he can appear to offer a female, and what he will actually give to her.

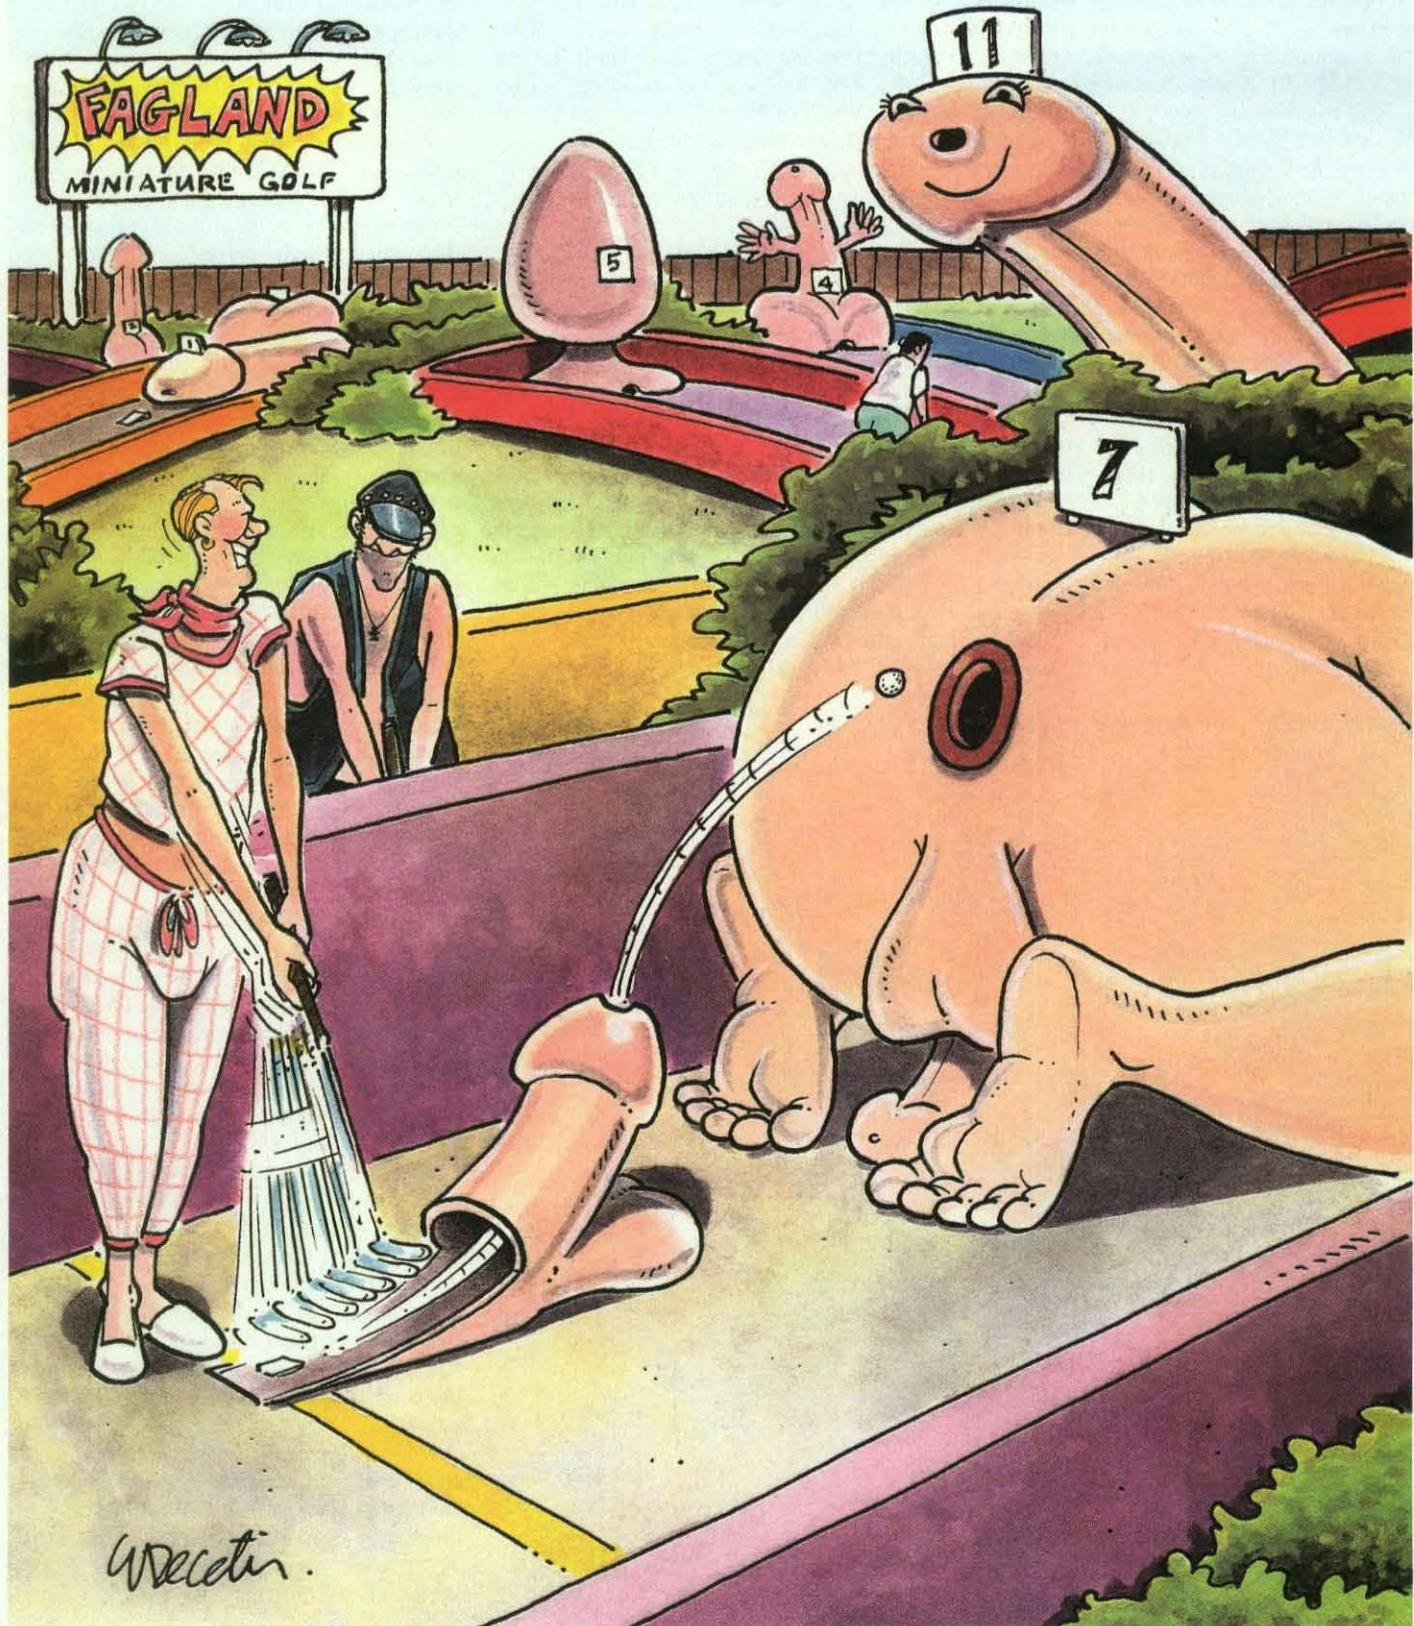

Good Girl Consumer Profile: Some men convince themselves that they can appreciate a woman as a human being first and as a penis toy second. Such men recognize a woman as a thinking person by the way she nods emphatically as the man recounts his conquest in the workplace. Her sense of humor is also valued—every time he tells another stale joke. Good girls hate this kind of guy. Good girls know that no fellowship exists between two people of complementary gender until the sexual juice has been drained, allowing them to see one another without the sheen of erotic expectation. They want a man who's honest and intelligent enough to recognize this simple truth, and has the dick to act upon it.

Bad Girl Consumer Profile: Through misdirected religious training or gullible viewing of television docudrama, a segment of the male population persists in believing that so-called fallen women are in need of being elevated. These dick-wielding do-gooders answer the call to save damsels in distress, hoping to wet the penis at the same time. They regale the bad girl with visions of a higher plane of physical soul-love expression between two people on the same quest for positive carnal karma. The bad girl will excuse herself to get cigarettes, though she has a full pack in her purse. She may be bad, but she is not dumb or crazy. She knows why men and women are attracted to one another, and she prefers a guy who cuts out the mumbo jumbo.

WOMEN HAVE NEEDS TOO: Everybody, even good girls and bad girls, wants something from somebody else, which is a good thing. Without selfish interests, nobody would have anything to do with anybody else, and human intercourse would cease to exist. Women, corn fed or pill head, are all looking for a satisfactory man. Of course, one woman's satisfaction triggers another's gag reaction.

A Good Girl Wants: The good girl values security, consistency and a prognosis for more of the same. Character is important to a good girl, as well as looks, health, height and hair color. The good girl is a breeder, always with one eye on a future

GOOD VS. BAD GIRLS

The bad girl judges a man by the tightness of his Spandex pants, the sharpness of his pointy-toed boots and the quantity of mousse in his hair.

populated with her idealized spawn. Sustaining the good girl's vision for any extended length of time is more than most men are willing to do, but the illusion is quite supportable for three to five nights.

A Bad Girl Wants: A man who'll bring around his own six-pack at least every second or third visit. The bad girl judges a man by the tightness of his Spandex pants, the relative sharpness of his pointy-toed boots and the quantity of mousse in his hair. He should be a star, but since he so often is not a star, she will settle for a star in training, but only until he has worn and ruined all her good blouses and underclothes.

TO CATCH A PIECE: Just like in real estate, location is everything, or at least the start of everything.

The Good Girl Pick-Up: The good girl is most open to the scheming cad when she is alone upon the comfort of familiar turf, such as in the shoe department at I. Magnin.

The shoe-department gambit is as old as playing footsie, but will provide any heel a toe-hold, if executed with sufficient soul. Simply approach the good girl as she browses through the pumps and request her

help and opinion, two things an upstanding woman is always eager to give a man.

"My little sister," explains the cad, "needs an attractive, sensible pair of shoes for the *Dancing With Wolves* charity screening tonight. Your taste is obviously impeccable. Which of these styles would best suit a young lady of breeding and dignity?"

The good woman's opinion is, of course, worthless, but the cad listens as if it means something.

Turning the tables, he courteously asks what type of shoe *she* is looking for. She is reticent. He picks particular shoes and, acting as intermediary between her and the salesman, insists she try them on. A woman is wholly susceptible to flattery as she models increasingly alluring heels. She will pivot and see the cad in a light of ease, charm and sophistication. He is concerned, helpful and considerate (remember the little sister); he is masterful (witness his handling of the sales clerks); he is a raging cauldron of brash, assertive confidence (she knows what he's after). He's as good as wriggling his little piggies between her thighs.

The Bad Girl Pick-Up: Every time the

bad girl buckles down to go straight, she gets a job, and ends up in the unemployment office. Still, she never knows which line to queue up in. She stands out like a voluptuous thumb.

"Quite a squint," observes a predatory male, sidling up to her. "Couldn't help noticing."

"Noticing?" responds the bad girl, her gum gone dead within her mouth. She notices him: a grease-sheened hairball in a shiny suit—an authority figure. "Noticing what?" she challenges.

"That's the nature of these occupational disabilities," confides her obsequious interlocutor. "They creep up on you and—boom—you're unemployable. People get their eyes ruined, get laid off, and never collect a cent. A crime."

"Collect a cent?" echoes the bad girl, touched to her cash-ready core.

"What was it? Computer screen?" guesses the confident male, slipping a glossy business card into her cigarette hand. "They had you staring into it, no glare filter; the bastards. They should pay."

"The only glare was when we danced over by the lights down at the end of the bar," the bad girl replies, studiously moving her lips as she ponders his card. "What's a workers' claims consultant?" she muses. "You some kind of lawyer?"

"I'm sort of like a lawyer," he admits. "You're a dancer! I should have known. That posture," he elaborates. "Your spine has obviously undergone trauma due to a sub-standard stage surface. You, I believe, are eligible for a substantial settlement. The first step is to take the pressure off those vertebrae. We have to get you flat on your back."

She pockets his card.

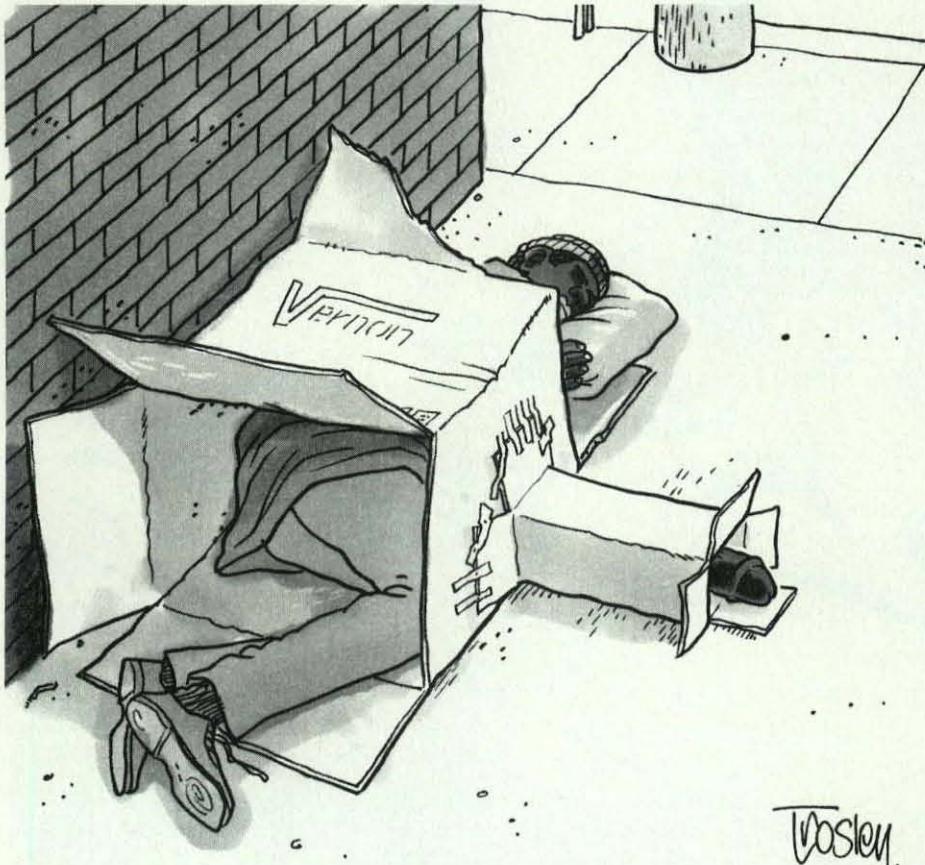

START SOMEWHERE: Porn movies—the source of our theoretical understanding of sexual relations—rarely include the real-life ritual of foreplay. XXX entertainment plunges straight into anal penetration without so much as a preparatory lube job, grounds for criminal prosecution in most states. Don't risk arrest by skipping a few simple warm-up drills.

Good Girl Moisteners: Sumptuous dinners, stunning floral bouquets, gallant chivalry—none of that bullshit is around to help a guy once he's used it to get the good girl alone in bed.

Conventional wisdom has the good-girl libido running on mood and romance, a squalid fiction she actually believes, at least the first two or three times she bones a new guy.

A slow but steady course is recommended. She should receive one lingering, passion-filled kiss, broken off with a pang of longing, prior to arriving in the bedroom.

Move on to fervid but serene clutching of her hands, accompanied by an emboldened

"Oh, shit! Horny and on the rag! I'm dead meat!"

GOOD VS. BAD GIRLS

As expected, the bad girl also is into bondage. She will happily tie a man up and remove his pants. His wallet is easier to get at that way.

but shy gaze into her eyes. Proceed with abandon and control in insistent gentleness.

The man's mouth should be quivering but steady; his breath quick but deep. The man should draw back and advance, a trick no good-girl pelvis can resist. As she arches up to meet him, she utters those little words of good-girl surrender: "Wait here. Put on this condom while I go slip in my diaphragm."

Bad Girl Moistener: Room-temperature, plain-wrap vodka goes a long way toward loosening up a bad girl's tight spot, but it's not everything. A television is also needed. The rock-video channel will summon a parade of bad-girl archetypes—atmosphere bimbos—guaranteed to trigger her mood for doing something outrageous and bad.

The male video performers give an indication of what the bad girl expects in the manner of physical treatment. She wants a hand that's punishing but caressing to shoot unflinchingly but with all due respect to the lox box ensconced in her fishnet pantyhose and squeeze with fingers insensate but sensitive.

As her conqueror/coconspirator contracts his devilish but cherubic face in a

grimace and grin of malevolence and worship, her crotch responds to the cruel kindness of his clawing but stroking fingers. In the radiance of his sneering but smiling face, she melts, panting in his ear: "I don't got any rubbers, but the discharge is mostly cleared up, if you want to chance it."

HEADS, YOU WIN: A female's value is in large part determined by her blowjob proficiency. Since there are by definition no bad blowjobs, any female can be good for something.

Good Girls Suck: The good girl savors penile form and texture as she would relish the aesthetic of a Henry Moore sculpture. The refraction of light from the spit-slick shaft is a delight to her heightened perspective. Throating is a challenge, like playing scales to a flautist. Spuzz is an acquired taste, as are some cheeses, truly appreciated only by the gourmand. To the good girl, sucking dick is a cultural event, her contribution to the fine arts.

Bad Girls Suck: Chortling snorkel meat is one of the bad girl's most favorite pastimes. She is proficient to the point of impersonal, assembly-line professionalism.

Still, resist the impulse to zip up, stand back and shout: Next!

Sucking a dork off, to the bad girl's way of thinking, is better than lying beneath a sprawled out, heaving, sweaty, self-regarding bulk. Head keeps him from planting the seeds of a yeast infection or worse in her womb. She can close her eyes and pretend he's anybody she wants him to be, just like he's doing.

DON'T JUST FUCK ONE: Everybody—male, female, good or bad—suspects that their sex life could be improved with the addition of some twisted activity waiting to be discovered just beyond the realm of their imagination. All that's needed is a wealth of inspiration, or a little boredom.

Good Girl Kink: She may deny it, but any good girl worth her therapist's fees is turned-on by the thought of bondage. That doesn't mean she wants to be restrained with coat hangers, head shaven, as a Ripple bottle is skewered into her twat by a gang of wilding Albanian dwarves and a camcorder captures the action for *America's Filthiest Home Videos*. Wrists lightly wrapped in Sulka ties, she wants to be blindfolded by a Chanel scarf as a mysterious, growling intruder lashes her unmercifully, providing of course that his whip of choice be his tongue.

Bad Girl Kink: As might be expected, the bad girl also is into bondage. She will happily tie a man up and remove his pants. His wallet is easier to get at that way. The restrained sexual explorer is welcome to beg and grovel to his heart's release; it won't bother her a bit. She's turned on *I Love Lucy* and has completely forgotten about the naked mook shackled to the plumbing under her kitchen sink. A funny smell has been coming from the kitchen; rather than face the task of cleaning the cooking area, she packs her belongings into shopping bags and vacates the apartment. Her bondage slave is discovered three days later by the apartment manager and held accountable for her six months' back rent.

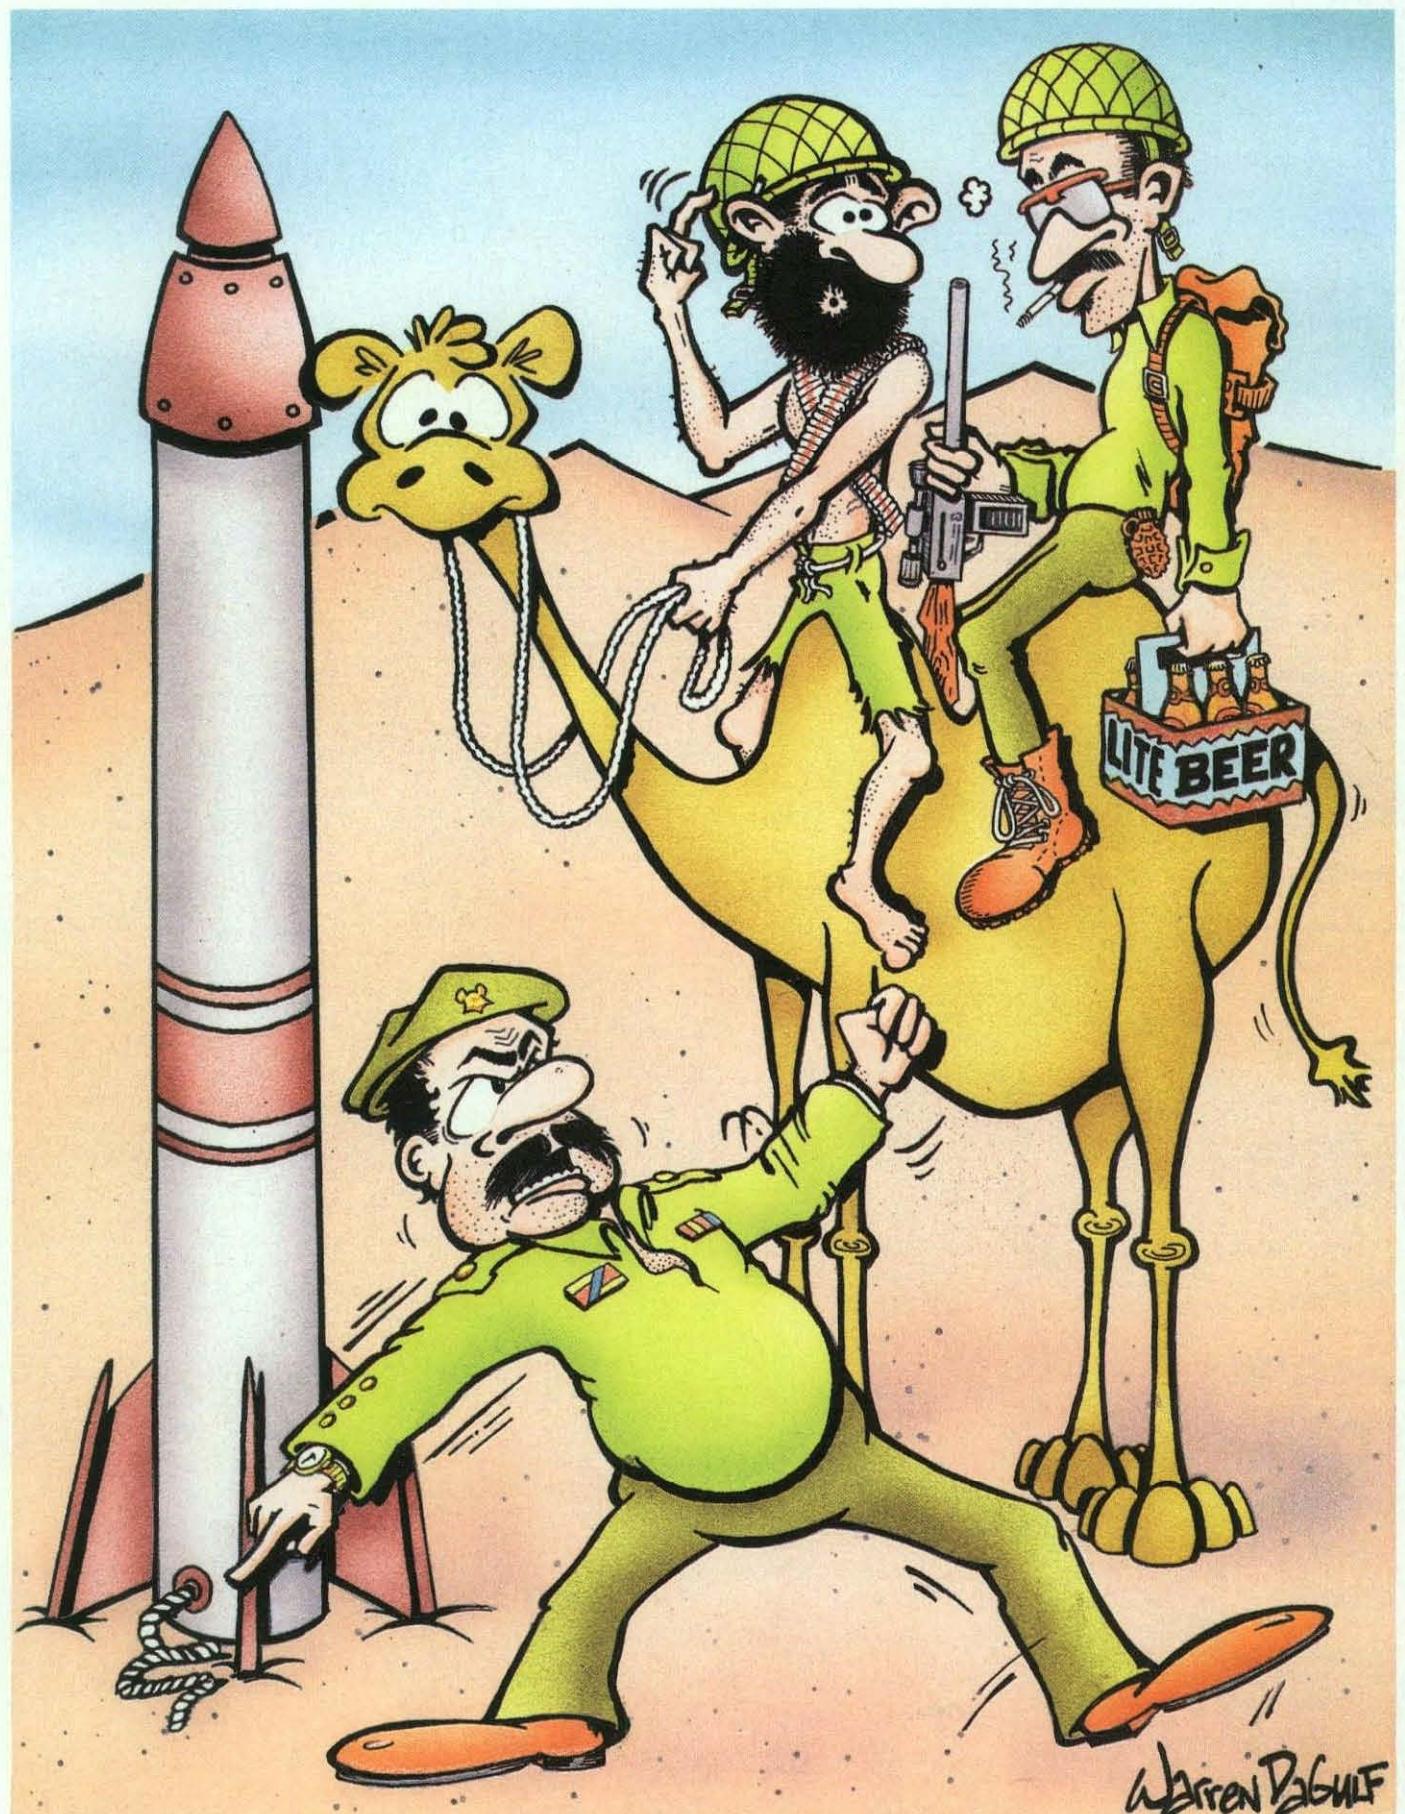

LUST IS ENOUGH: Women refuse to remain in a casual relationship with a man once they have mixed and spilled his genetic cocktail. The female can't just allow herself to be used as a wad sop, the way nature intended. She must fall in love. If she can, she'll make you fall in it too.

Dumping the Good Girl: Once the good girl has given a man the number to the direct line to her desk at work, it's time to hang her up. Treating her to a marathon of Ron Jeremy videos will do the trick.

Dumping the Bad Girl: The bad girl reveals an unhealthy dependence by asking a swain to keep the number of her bail bondsman in a safe place. The wise man simply loses that number, and sooner or later never sees her again. ♦

"What? She won't swallow cum? Dump the bitch!"

BOMBMAKER

(continued from page 72)

What about the rookie Puerto Rican cop, Angel Poggi, who died in a 1975 explosion? Morales brushes him off as a casualty of war.

Morales was never the leader of the FALN, nor its chief bombmaker. The FALN, from its inception in 1970, decided that it must have a collective leadership in order to survive. Having one sole figure as leader, a single arrest or death could cripple the organization. Everyone, Morales maintains, was involved in decision making and explosives assemblage. He was not personally responsible for any of the bombings that took place after 1979, but supports them wholeheartedly. The liberation of Puerto Rico was a goal to be met at any cost.

Today, in permanent exile as a guest of the Cuban government, Morales's basic needs are met, but not by much. He has little clothing and little money. He spends his time studying, going to the beach, swimming, reading, visiting friends and keeping in touch with the *independistas* of the 1950s who come to visit him when travels bring them to Havana. He advises nationalists who seek him for counsel. Cuban living has made him a relatively relaxed person. "Before I got to Cuba, I was always moving my head, looking for cops," he says with a grin. "I still move my head, but it's to look at the girls." He expresses interest in an American woman from California who had come to a May 1990, week-long Malcolm X symposium—an undying radical, even in his carnal tastes.

For better or for worse, women have played an important role in his life. He recently came across a *New York Times* clip dated May 26, 1979, headlined "Morales Fled From the U.S., Phone Caller Tells FBI," in which his legal wife, Dylcia Pagan, appears in a photograph. "There's that bitch," he mutters under his breath. Pagan, now serving a 55-year prison term in California for her connection to the FALN, claimed that Susan Tipograph had smuggled bolt cutters into Bellevue by strapping them to her leg.

Says Tipograph: "I was followed for days after his escape. The next morning I was served at 7:30 with a subpoena returnable at 10 a.m. that same day." The subpoena was for Tipograph to appear before a grand jury, but it was later dropped, lacking even a shred of evidence regarding Tipograph's FALN connections. Years later, Tipograph is still angry. "Now, if they say I am happy that he escaped from prison, they are right on the money, and I plead guilty to that. When Morales escaped, I was very pleased he was no longer in jail. I said it at the time, and I will say it

now. But I in no way helped in his escape."

"I find the charges of terrorism laughable," says Morales, from Havana. "How can I be a terrorist when I am fighting against a government that has committed so many crimes against the peoples of the world? It's true that we attacked multinational corporations, banks and military bases. Military bases that are used to attack nations like Vietnam, Cuba, Nicaragua and the Dominican Republic. If they say we bombed an office building, a transnational company, it's true—but [we'd bomb them] only at night, when the building was empty. We are talking about economic damage, not human lives." Morales feels that the companies targeted for FALN's heavy arsenal of explosives were responsible, because of such practices as blatant price-cutting of Third World products, for the poor conditions that people face in those nations. "We fight back against that, and they call us terrorists. But it is us who are fighting the terror."

What about the policemen who were injured, including a rookie Puerto Rican cop, Angel Poggi, who died in a 1975

explosion? Morales brushes them off as casualties of war. "Since when have the police been responsive to the needs of the Puerto Rican community?" And as for the three other people who died in the blast? "Those who died were businessmen who contributed to the debasement of Third World peoples. Through their insensitive policies, they signed their own fate."

Who knows what better life fate might have dealt William Guillermo Morales, without the interference of his own policies?

The federal government's clampdown on the FALN has made the organization and its sympathizers move away from armed struggle toward a more political route. A vote is scheduled for June 4, 1991, to determine whether Puerto Rico will become an independent republic, the 51st U.S. state, or will remain an American commonwealth. Elmer Toro, a former operative in the NYC-FBI Joint Task Force on Terrorism, says he is confident the force will figure a way to bring William Morales to justice in the next ten years. While far away in Havana, Morales removes a thick rubber band from the lower-right pocket of his white *guayabera*, inserts a fork between the flesh and the band, and settles down to dinner. Grasping a glass of beer with both stumps, determined as ever, he brings it shaking to his lips. ♦

Winsome Betty is a 19-year-old housewife from Lancaster, California. Her hobbies include dancing, aerobics and working out on her husband. Her fantasy is to make love to another woman. Maybe she worked out on her husband so much that she broke him!

Photo by Husband

Golf, bowling and nude sunbathing are a few of the ways 40-year-old Eve from Riverview, Florida, spends her free time. She's an executive secretary who dreams of a threesome with two handsome Italian stallions. They'd better hang on. This lady knows how to ride.

Photo by Husband

Golden Ronda is 26 years old. She owns a small business in Apapka, Florida, where she gets off on singing, flying and customizing cars and trucks. Ronda says her sexual fantasies have all been fulfilled. Probably every *Beaver Hunt* reader has one she's never heard of....

Nicki's a 32-year-old masseuse from Minneapolis, Minnesota. Gymnastics, sex and fishing are her hobbies. Her hot fantasy is imagining she's a rich porn queen making erotic videos with women and well-hung men. Ready, set, go!

Photo by Husband

Sexy Charlotte comes from Mercersburg, Pennsylvania, where she's a 23-year-old housecleaner into shopping, socializing, penpals and nightclubs. She says her sexual fantasies can sprout up anywhere—in a pool, on the roof, on the hood of the car, under the table...in Beaver Hunt.

Twenty-seven-year-old Holley lists her occupation as "lingerie model," but she might as well have said "nipple-chain model," for that's the golden gleam between her buds. Gardening and music are her hobbies. Her hot fantasy is to have sex in a dark corner of a crowded room.

Photo by Friend

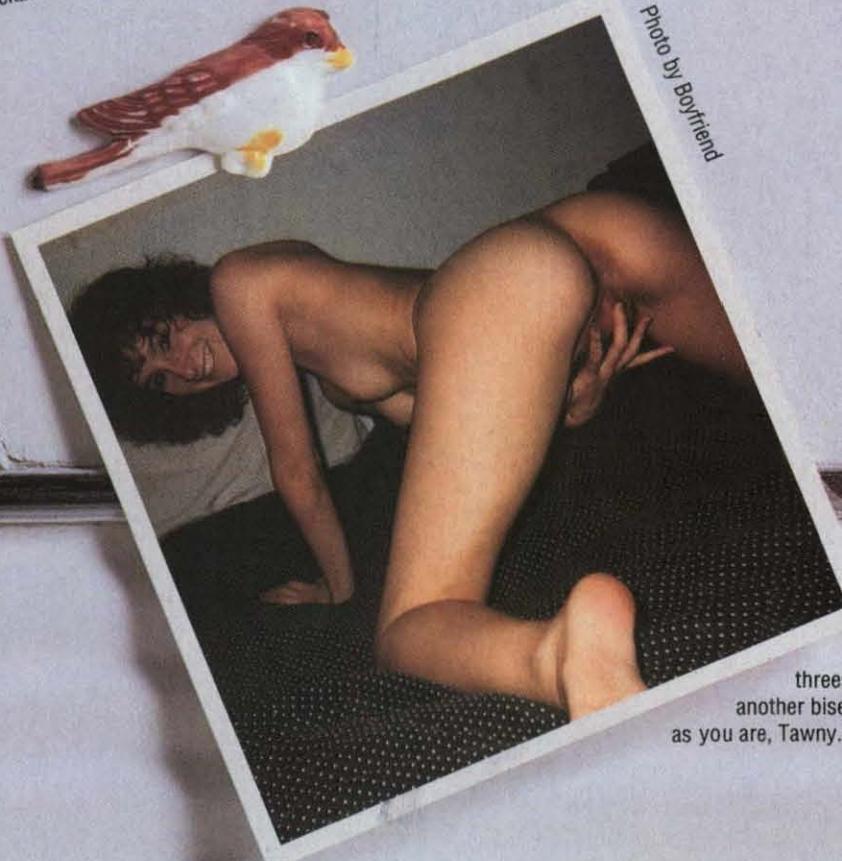

Tampa, Florida, is home to 19-year-old Ericka, a student who's into photography and fuck films. She'd like to have her lover ram her in her pink, wet love channel while her girlfriend reams him with a rimjob, all the time listening to Stevie Ray Vaughn's "Couldn't Stand the Weather." All right, Ericka! A fantasy with a soundtrack!

Photo by Friend

Twenty-one-year-old Tracey's a waitress from Toms River, New Jersey. She works too hard to have any hobbies, but says her sexual fantasy is to be tied down and taken advantage of by the man she loves. The customer with the biggest tip wins.

Photo by Boyfriend

Tawny is the name of this 19-year-old sales clerk from Kokomo, Indiana. She likes dancing and sports, and fantasizes about a threesome with her boyfriend and another bisexual woman. Find one as pretty as you are, Tawny.

Twenty-year-old Mary's a computer programmer from Bridgeport, Pennsylvania. Roller skating, bowling and sex are her hobbies. Her fantasy is to have sex with two guys at once. One with his dick in her hot, juicy cunt; another fucking her ass very hard. That's what's known as a hard drive, in computer lingo.

Photo by Husband

Knoxville, Tennessee, is home to 25-year-old Missy. She's a convenience-store manager, and she likes volleyball, bowling and sex. Missy's sexual fantasy is to share spontaneous sexual acts with other couples and make porn flicks. Sounds like she'd rather work nights.

How to use them without disappointment.

Today, people are interested in improving the quality of their lives and exploring their own sensuality with options from the Xandria Collection.

The most important aspect of satisfaction is trust. Trust us... thoughtful consideration goes into each product in the catalogue. Quality, value, and sensual appeal are all important elements, as are you, the customer.

What is The Xandria Collection?

It is a very special collection of sensual products. It includes the finest and most effective products available from around the world.

Products that can open new doors to pleasure (perhaps many you never knew existed)!

Our products range from the simple to the delightfully complex. They are designed for both the timid and the bold. For anyone who's ever wished there could be something more to their sensual pleasure.

The Xandria Collection has a unique three-way guarantee. We've had the same, no worry guarantee for the past 17 years (since 1974).

First, we guarantee your privacy.

Everything we ship is plainly packaged and securely wrapped, with no clue to its contents from the outside. All transactions are strictly confidential and we never sell, give or trade any customer's name.

Second, we guarantee your satisfaction. If a product seems unsatisfactory, simply return it within 60 days for a replacement or refund.

Third, we guarantee the quality of our products for one year. If it malfunctions, simply return it to us for a replacement.

The Xandria Gold Collection... a tribute to closeness and communication. Celebrate the possibilities for pleasure we each have within us. If you're prepared to intensify your own pleasure, then send for the Xandria Gold Collection Edition catalogue. It is priced at just \$4.00 which is applied in full to your first order.

JAPAN!

EXCLUSIVE!

NEVER SOLD IN STORES!
AVAILABLE ONLY BY
MAIL!

A RARE COLLECTION OF ASIAN DELIGHTS!

Secretly filmed, these sizzling videos cannot legally be sold in Japan because they are hard-as-nails. We were fortunate enough to get our hands on 6 titles that are sure to harden your cock. The girls are gorgeous, sensuous and really know all about sex. The stories and acting are superb and the quality is excellent! Truly a rare find and exclusively available from us . . . for a limited time only! Each tape approximately 1 hour.

WORKOUT. A beautiful gymnast falls during training. As she lays in pain, the sight of her hot, hard and tight young body turns on her horny trainer who comes to her rescue and really gives her a massage . . . and some workout!

SHARING. Young Keoki visits her geisha cousin. While drinking tea - a man hidden under the table, finger fucks and sucks Keoki. Her moans of passion make the geisha's hot pussy itch with anticipation, so, the man accommodates her by driving his huge weapon into her creamy, slick cunt!

SEX POINTER. Gorgeous Sanai shows a young male virgin what sex is all about. It's important that she pleases her man . . . and does she ever! They hump to steaming, ecstatic orgasms!

FILL HER UP. George, a visiting black American dude picks up two beautiful girls. Miko just won't settle for any cock . . . they must be at least 10 inches long, and George wins by at least 2 inches! He knows exactly what to do with one foot of hard cock!

FIRST TIMER. Coy, bashful Edori needs to be fucked. Her man sucks and tongues her and finally drives his steel-like shaft between her legs - they cum together - and then he finds out she was a virgin! Magnificently filmed!

THREESOME. Two young studs share the love of Yuki. She mouths and sucks these hardy stallions to throbbing erections. They return the favor by fucking and back dooring this Oriental beauty. Really hot!

Would you like to watch adult videos of real amateurs like the girl next door? Not stars, no corny stories, no cum on cue phonies, but real earthy, raw amateur girls and guys doing everything to each other. They really enjoy it, because they know you will be watching them. It turns them on and it will turn you on.

Jeff Stryker's How to Enlarge Your PENIS

Enlarge your PENIS to its Maximum Potential!

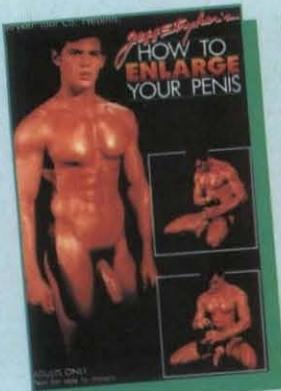

Jeff Stryker, America's No. 1 adult video star, shows you in his brand new video and magazine how he pumps up to a bigger, harder and thicker penis. Watch Jeff as he demonstrates step by step his penis power building techniques and tells you everything you need to know to increase your penis length and diameter.

Here is why Jeff Stryker's penis enlargement method can work for you.

Your erection and increase in penis size is caused by the flow of blood through the many blood vessels of the caverns, a spongy substance of the penis. The penis pump allows the caverns of your penis to expand, permitting blood to fill the caverns which causes the penis to grow and become erect.

You do this by inserting the penis into the pump's clear cylinder (you actually watch your penis grow). Erect measurements up to 12 inches!

Your penis grows larger and firmer more than you ever dreamed possible!

HUSTLER

July HUSTLER on sale May 21, 1991

ICING ON EVERY PAGE

July 1991 marks the 17th anniversary of HUSTLER Magazine, and to celebrate, we've gathered the sweetest party favors of all. Two lip-smacking brunettes tangle long, silky legs around the probing lens of a bare-ass, blond photographer; a clit-struck, female smut exec points her projector at her private, nipple-studded flesh screen; a fresh, big-titted Swede spreads buttered thighs with cream; and two hard-dicked grad students eat out the dean of sex-ed in a commencement exercise that features the best of cunt cuisine. That's HUSTLER in July. Lap it up.

SAND TRAP

A Filipino sentenced by a blind judge to six months in jail for possessing a picture of his girlfriend in a bikini and a Bedouin arrested for forcibly raping a goat are two of the unlikely characters writer Dennis Logan encounters while incarcerated in a Riyadh, Saudi Arabia, prison on a minor dope bust. Watching *The Waltons* on TV by day and hunting desert rats by night are a couple of the sandpit diversions he describes in *Before the Storm*, a gripping and often wacky account of a visit to hell on earth.

THE POOP ON POON

What in God's name makes a smut goddess's fuckstrings throb? The definitive word is finally out. Writer John Mescal asked more than 30 of the superstar women of porn what a man can say or do to get inside their pants. The answers are simple and astounding. Thanks to Mescal, Tori Welles, Christy Canyon, Jeanna Fine and more, HUSTLER Magazine presents *The Right Stuff* and proclaims an end to fuckless Saturday nights—forever.

TOP IT OFF

The delirious effect of the revolutionary, 17-year HUSTLER liberation of American libidos is duly celebrated in Paul Desmond's *Sex Play* for July, "Today a Skin Rag—Tomorrow the World"; the HUSTLER cartoon staff assembles a hearty passel of its favorite gut-busters; *Bits & Pieces* mines a major laugh lode as it skewers its eye at "HUSTLER Through the Ages"; and *Beaver Hunt* presents its next-to-last finalist in the \$5,000 *Beaver Hunt Amateur Photo Contest*. All to wish HUSTLER a very happy 17th. And all on the newsstand in May. Be our guest.
